The Columbian.

VOL. 36. BLOOMSBURG, PA. THURSDAY, SEPTEMBER 5, 1901 NO. 36

TOOK HER OWN LIFE.

Hortense Debras, a French woman whose life appears to have been fraught with trouble, ended her existence, sometime during Friday night or early Saturday morning by jumping into the Susquehanna River. Her lifeless body was discovered by Robert Long Saturday about ten o'clock, caught fast to one of the fish hooks of an outline which he had setting in the river.

The woman for some time had been employed as a domestic in the fami'y of Deputy Prothonotary Rush Zarr. Previous to her appearance in Bloomsburg, she had been wandering through Roaringcreek Valley, begging from house to house, until she was arrested as a vagrant, and committed to the County Jail. During her incarceration, she invinced a desire to work and she was allowed to assist in the family of the Sheriff. When granted her liberty she entered the employ of Mr. Zarr, as above stated.

She had determined on this plan of ending her life, as she had on several different occasions, while at the jail, and also to members of the Zarr household, expressed herselt to that effect. Early last week she went down to the river for that purpose, but returned, saying the water was too muddy. She was rather reticent regarding her early life. She did however disclose the fact that she was married and that her husband resided in France. She had been estranged from him for many years.

The case has a sad tinge. Pervert and foolish though her path through lite has been, she had wandered from her native country, home and friends, a stranger in a strange land, she had become melancholy, and ended her misery in death.

Undertaker Baker took charge of the body and prepared it for burial.

Labor Day at Danville.

Danville's Labor Day celebration was a rouser and a grand success in every way. There was a general shutdown in the industries and business places of the town, and the whole populace entered into the spirit of the occasion. The town had on its holiday attire. Flags fluttered from the buildings, and arches of evergreen, containing "Welcome, Sir Knights," and other appropriate inscriptions, were erected over the principal streets. The street demonstration was befitting the occasion, and for beauty of appearance and length has probably never been surpassed in that city, certainly not on any previous Labor Day demonstration.

There were five prizes awarded: Twenty five dollars in gold to the Williamsport Commandery, as showing the best drill; five dollars in gold to the Williamsport Castle, as one coming the greatest distance; ten dollars in gold to the Milton Castle, as the one best equipped; five dollars in gold to the Catawissa Castle, as the one excelling in drill; a Bible to the Bloomsburg Castle, as the one having the greatest number in line—sixty-six men.

No Cause for Such Complaint Here.

"Sooner or later some indignant man or woman will arise in his or her wrath and will smite the cable car conductor hip and thigh—in the neck would perhaps be more effective" said a resident of a town down the river, to the writer as we boarded a trolley car to go over to a town on the opposite side of the Susquehanna Monday morning last. He then continued. "The people here have patiently submitted to all sorts of outrages at the hands of conductors. But there is a limit to everything, and to use an Irishism the straw that broke the camel's back is the filthy condition of the conductors on this line." We concurred with him and suggested that the Board of Health be notified. Clothing and person, they were disgustingly unclean. They certainly belong to the anti-wash brigade.

There is no cause for such complaint in Bloomsburg. The Columbia and Montour conductors and motormen are well dressed and courteous.

Corner Stone Laying.

The corner stone of the New Methodist Episcopal Church in Almedia, will be laid on Sunday afternoon at 2:30 o'clock, Sept. 8, 1901. Rev. Mr. Wilson of Catawissa will officiate.

The Crider orchestra and also the Male Quartette of Lime Ridge has been secured to assist the resident choir on the occasion. The public is cordially invited to attend and enjoy the services.

W. H. HARTMAN, Pastor.

A Prosperous Season.

This has been a prosperous year for this community. With good crops and fair prices for farmers, labor in demand at good wages, and general business profitable. This surely is a season when people generally can lay by something for a RAINY DAY, liable to come some time. Such accummulations should be safely placed where they can be neither lost, stolen or burned.

WE OFFER YOU OUR EXCELLENT FACILITIES.

—THE—

Bloomsburg National Bank

A. Z. SCHOCH, PRESIDENT. WM. H. HIDLAY, CASHIER.

PAUL F. PECK.

The New Professor of History at the Bloomsburg Literary Institute and State Normal School.

PAUL F. PECK.

The trustees of the Normal School have recentld selected as the person to succeed Professor Warren H. Detwiler, professor of History, who resigned to accept a position in the Manual Training High School, of Philadelphia, Dr. Paul F. Peck, of Chicago University. Dr. Peck is a graduate of Iowa College '97. The year following he studied law at the Iowa State University, and in the spring of '98 he became a fellow in the University of Chicago, where he entered on graduate study, choosing as his subject History and Political Science. At the recent commencement exercises of the University he received the degree of Doctor of Philosophy.

He has had a number of positions offered to him, among them one to remain in the University as an assistant, but he decided to accept the chair of History in the Normal School, as he looks upon it as affording him a wider field of usefulness and better opportunities for advancement.

During his course of study he conducted classes of city school teachers in the Teachers' College of the University, and during the past spring term had charge of the History in Dearborn Seminary, Chicago. The success of his work in these positions is shown by the fact that he was urged to continue in both.

While investigating Dr. Peck's fitness for the position, inquiries were sent to mrny persons who had been associated with him in his college and university work, and without exception they endorsed him in the biggest terms, both as to his scholarship and teaching ability, and also as to his character and personality. The following reply from Dr. Benjamin Terry, Chief of the department of History in the University of Chicago, fittingly represents him:

"Your favor of the 12th forwarded to me here at Fifield.

In reply let me say that I believe that Mr. Peck has all the qualifications necessary to the making of a teacher of high order. He is not only a student of more than usual attainment, but he possesses also the gift of impartation. He thinks clearly, expresses himself easily and effectively, and has, moreover, a peculiarly gentle and sympathetic manner which will win the confidence and affection of his pupils. While he is ambitious and full of sane energy, he is also mature and practical, and will quickly adapt himself to the grade of his classes. You need have no fears of failure in this direction, or any other. He is the kind of man to win his way. We have had few students who have given better evidence of fitness or quality."

WILL BE WORTH ATTENDING.

On Monday evening, September 16 there will be given in the Bloomsburg Opera House an entertainment in the nature of a minstrel that will be decidedly unique. It is called the Winona Twentieth Century Minstrels, and while a performance of this kind is by no means new, this will differ from others in that the Judging Committee who selected the people to take part was dominated by men who have had extensive experience and are fully competent to perform such a duty. Before this jury the great numbers of members of the Winona Fire Company and several others were thinned out. What is left ought to be worth seeing. The rehearsels have been going on for some time and have been under the personal direction of Mr. Jay Brown, whose ability in this line is too well known by the people of Bloomsburg to need any mention here. It will be remembered that Mr. Brown directed the Civic Club Minstrels which were given here last season.

The proceeds of the entertainment will be devoted to replenishing the much depleted treasury of the Winona Company, a most worthy organization, the members of which are always willing and do lend their aid in times of fire. The prices will be 25, 35 and 50c. and all who attend will not only be helping along a good cause but will receive full value for their money. Keep in mind the date Sept. 16th.

JESSE HOFFMAN.

Died at His Home in Almedia, Saturday.

Jesse Hoffman, an aged resident of Almedia, died at his home in that village Saturday afternoon, from sickness with which he had suffered for a long time.

The deceased was a son of the late William Hoffman, and was born in Center township, this County, seventy one years ago. He attended the public school, and worked with his father on the farm until he arrived at manhood when he went into the merchandising business. He continued at this for several years when he disposed of his stock to Samuel Lamback, and engaged in farming, which he followed until death on Saturday overtook him. A family, consisting of a wife and three children, William and Ray of this town, and Reese, living at home survive.

The funeral was held Wednesday afternoon, the remains being conveyed from the family home to the Almedia Cemetery in a trolley car.

Berwick Council Meeting.

At a special meeting of the Borough Council of Berwick Messrs. Scanlan and Duy of the Columbia & Montour Electric Railway Co. were present and asked that Council amend Section 11 of their ordinance so as to allow them to use a T rail instead of a girder rail, and Section 21, which imposes a tax upon cars, be so amended as to place no tax upon them for a period of ten years.

After discussing the matter at length it was decided that Council in a body should visit neighboring towns and inspect the various kinds of track so as to be better able to vote intelligently in the matter.

A BUSY PLACE.

From July 25th to August 31st there were printed at the COLUMBIAN office six thousand catalogues for the Normal School, and 195 other jobs of printing for our general trade. The catalogues contain 53 pages of reading matter and seven half-tone cuts, 42000 cuts in all. The book is pronounced a handsome specimen of typography.

THE BURGESS' VETO

Did Not Prevent the Passage of the Columbia and Montour Electric Railway Ordinance.

It looks now as if the matter of the electric railway for Catawissa is settled for keeps. The Council for that Borough assembled in special meeting Monday night and by a vote of six to one passed the ordinance granting the right of way to the Columbia and Montour Company over the head of Burgess Sharpless, who had vetoed the ordinance after it had been adopted unanimously by the Council Friday evening, August 23rd.

The meeting Tuesday night, though brief, was not devoid of interest. The dialogism of two gentlemen waxed quite warm and it was feared that there would be "something doing," but the meeting was adjourned and all departed in peace, if not in good humor.

It is altogether likely that work on the line from here to Catawissa will be commenced sometime late in the fall.

Notice.

I wish the public will please take notice of the following: When sending in an alarm of fire from any the boxes for that purpose, only pull the *Leaver Once*, as that calls the two nearest companies. If more companies are needed the proper officials upon their arrival at the fire will attend to getting them there, but *most cases two companies* are sufficient If the public will kindly heed this notice they will save the firemen lots of unnecessary labor.

SAM'L H. HARMAN
Chief Engineer.

Sheriff Sales.

Sheriff Knorr on Saturday sold the following properties at his office in the Court House.

The property of J. W. Perry known as the Elk Grove Hotel in Sugarloaf township to William Chrisman attorney for $170,00: the M. W. McHenry property in Fishingcreek township to Adam Hummel for $60.00.

On Monday he sold the Jacob Bowes property in Catawissa township to J. H. Vastine for $5.00.

GAINS FOR THE TRUST

Steel Officials Claim Early Resumption of All Mills.

AMALGAMATED LEADERS UNDAUNTED

They Say That Everything Is Progressing Satisfactorily and That Much of the Trust's Supposed Advantage Is Only Bluff.

PITTSBURG, Sept. 4.—Developments in the steel strike show decided gains for the manufacturers. The accession of thirty-two skilled men to the Star plant, the increased production at the Painter and the Lindsay & McCutcheon mills, the defection from the strikers' ranks of seventy-five machinists and pipe cutters at the Continental Tube works and fifty at the Pennsylvania Tube works, the importation of twelve men to the Monessen steel hoop mill and the installation of three mills on night turn at the Clark plant all point to an early resumption all along the line as viewed by the steel officials.

The Amalgamated officials, however, make the claim that everything is progressing satisfactorily and say that much of the supposed advantage of the manufacturers is bluff and cannot be made good. As an instance they cite the Lindsay & McCutcheon plant, where the company claims to have as many men at work as they can accommodate and turning out merchantable product. The Amalgamated people claim that James Hurley, vice president of the First district, visited the Lindsay & McCutcheon mill yesterday in the guise of a roller seeking work. He made an inspection of the mill, and, according to his report, there are thirty men at work, six of whom are skilled. The strikers also claim that at the Monessen plant the product turned out last week amounted to 250,000 pounds, whereas before the strike the daily output was 100,000 pounds.

It is reported that the strikers at Duquesne intend to make another effort to close that plant by getting the open hearth men out, but nothing definite on the subject can be learned.

At Wheeling the strikers are holding their own, and there is no indication of an attempt to start any of the shutdown plants.

Wellsville reports no change.

The report from Canal Dover is to the effect that although District Manager Cline promised that four mills would be fired up yesterday only one mill, a small thirty-four inch sheet mill, was fired. The strikers claim this was caused by the desertion of nine of the nonunion men, who returned to Vandergrift, from which place they came last Sunday. Manager Cline would make no statement except to deny that there were any desertions and to say that the situation was unchanged.

Mayor Black has issued a proclamation to "the workingmen of McKeesport." He says:

"The eyes of the country are on McKeesport.

"I have maintained all along that there would be no disorder and still have confidence in the workingmen. Use no undue zeal in keeping men out of the Demmler mill, for I have heard it will be started this week. The venal eastern press has exaggerated and distorted every trifling occurrence here into riot and injured the town. Any violence would be the signal for application of the infamous principle of government by injunction and would divorce the support of loyal laboring men outside of the Amalgamated association. Violence never won a strike. No right can be gained by lawbreaking. I feel no uneasiness, but issue this proclamation to keep you coolheaded. Use all caution possible to preserve order that the hotheaded element, if there be one, may be easily controlled.

"With the sanction of President Shaffer."

Town Lots All Sold.

WASHINGTON, Sept. 4.—The general land office has been informed of the completion of the sale of town lots in the town of Lawton, in the newly opened part of Oklahoma, which finishes the government sale in all the towns in that section. In Lawton there were 1,420 lots sold, the receipts from the sale amounting to $414,845, making the total receipts from the sale of town lots in the towns of Lawton, Anadarko and Hobart $736,033. The highest average price, $291 per lot, was secured in Lawton. The money accruing from the sales has been placed in the subtreasury in St. Louis to the credit of the secretary of the interior as trustee for the three towns. Under the law it will be devoted to improvements in those towns and in the surrounding country.

A Big Yachting Wager.

PITTSBURG, Sept. 4.—The yachting wager of $400,000 between Walter J. Kingsley, representing an English syndicate, and a number of Pittsburgers was closed at 4 o'clock yesterday afternoon. The money was placed in the hands of a prominent financier of this city who desires his name not to be made public. Mr. Kingsley turned over thirty-one £1,000 Bank of England notes, and Mr. Mustin gave a certified check for $250,000. Mr. Mustin's compensation for his share in the arrangement of the bet is 5 per cent of $250,000, which was paid to him as soon as the wager was consummated.

May Not Die Twice.

PARKERSBURG, W. Va., Sept. 4.—Lud Madison, who was to have been hanged yesterday for murder, has been respited for sixty days to allow him to appeal to the United States supreme court. The clerk by mistake recorded his first respite as his execution. He contends now that he is legally dead and cannot be hanged twice for the same offense.

Swimmer Starts For New York.

BOSTON, Sept. 2.—In a drizzling rain and a strong northeasterly wind which made the water choppy Peter McNally, a well known swimmer, started from Charlestown bridge at 2:16 Sunday afternoon on his attempt to swim to New York in thirty days. There were about two thousand people on the pier. When he came to the surface, he was cheered.

Melon Eaters Poisoned.

PITTSTON, Pa., Sept. 4.—Harry Bartholomew, his wife, daughter and mother-in-law included watermelon in their Labor day dinner, and shortly afterward all were taken violently ill. The daughter died in convulsions, and the parents are in such a precarious condition that they are not expected to survive.

FLOODS IN CLEVELAND.

Heaviest Fall of Rain In the City's History.

CLEVELAND, O., Sept. 2.—With the breaking of dawn Sunday morning the citizens of Cleveland awoke to look upon a scene of unparalleled devastation and destruction caused by a raging flood. While the entire city was more or less affected the great volume of raging water vented its anger over miles of the eastern portion of the city and caused an amount of damage approximated at $1,000,000.

The appalling overflow was caused by a terrific rain that commenced to fall shortly after 2 o'clock, turned into a perfect cloudburst between the hours of 3 and 5 and then continued with great force until nearly 10 o'clock. The storm, according to the weather officials, was the heaviest that ever swept over Cleveland since the establishment of the government bureau in this city over forty years ago.

That no lives were lost is nothing short of a miracle, as stories of thrilling escapes from the water on several of the principal resident streets of the city are told.

The surging waters spread over an area in the east end nearly eight miles long and a mile and a half wide. This extended from Woodland Hills avenue to East Cleveland and back to East Madison avenue.

Over a large share of the exclusive residence territory the water rushed with terrific force, varying in depth from one to six feet. Culverts, trestles and bridges were torn down, and for hours nothing seemed capable of stemming the tide.

FILIPINO BANDITS PUNISHED.

Those Committing Outrages Against Natives Severely Dealt With.

WASHINGTON, Sept. 4.—The outrages committed by armed guerrillas and bandits against innocent Filipinos continue to be rigorously dealt with by the authorities in the Philippines. The records in about twenty cases have been received at the war department. They show that the death penalty was inflicted upon thirteen murderers by military commissions and that five offenders were sentenced to hard labor of from fifteen to thirty years.

In the case of Simplicio Geromilla, who was sentenced to be hanged by a military commission of which Lieutenant Colonel Swigert was president for acting as a leader of an armed band of insurgents and firing upon and killing two American soldiers, although at the time living under the protection of the military authority of the United States as an amigo, General Chaffee disapproved the sentence and ordered the prisoner liberated. Says General Chaffee in his indorsement:

"The finding cannot logically be sustained. The killing of the deceased soldiers in an engagement with a regular detachment of the public enemy is not murder."

Annual Cotton Report.

NEW ORLEANS, Sept. 3.—The totals of Secretary Hester's annual report of the cotton crop of the United States have been promulgated. They show receipts of cotton at all United States ports for the year of 7,666,452 bales against 6,734,364 bales last year; overland to northern mills, 1,140,237 bales against 1,161,189 bales; southern consumption taken direct from interior of the cotton belt, 1,576,733 bales against 1,540,863 bales, making the crop of the United States for 1900-01 amount to 10,383,422 bales against 9,436,416 bales last year and 11,274,840 bales the year before.

Hunt's Inauguration Sept. 16.

SAN JUAN, Porto Rico, Sept. 4.—During the past two days William H. Hunt, the newly appointed governor of Porto Rico, has received hundreds of congratulatory messages and has been congratulated by the courts and a body of prominent citizens. Martin G. Brumbaugh, the commissioner of education, is planning the ceremonies for the inauguration of Mr. Hunt, which will occur Sept. 16.

New Hot Spring In Michigan.

MACKINAC ISLAND, Mich., Aug. 31.—Foreman Gallagher of the city waterworks has reported the discovery of a hot spring near the power house. Several men visited the spring and, tasting the water, found it had a temperature of 104 degrees F.

Mailcoach Robbed.

SYDNEY, N. S. W., Sept. 3.—A masked cyclist held up the White Cliffs-Hillcania mailcoach, wounded a passenger, secured the mails and opals valued at £1,400 and escaped.

New York Markets.

WILL SUCCEED ALLEN.

William H. Hunt to Be Appointed Civil Governor of the Island of Porto Rico.

There is no longer any doubt about the retirement of Gov. Allen of Porto Rico, who will be succeeded by William H. Hunt, the present secretary of the island. Gov. Allen will retire on September 1, but he will not return to Porto Rico if he can avoid it. He will spend the summer at his home in Massachusetts. Gov. Allen feels that his work in Porto Rico has been accomplished.

A civil government and free trade have been put in operation under his regime, and since he was made the executive head of the island he has done much toward rehabilitating it. He is

WILLIAM H. HUNT.
(Slated to Succeed Mr. Allen as Governor of Porto Rico.)

of the opinion that the work of the future can be left to other hands.

When Gov. Allen left Porto Rico he brought all of his household effects with him.

William H. Hunt, who has been selected to succeed Gov. Allen, was born in New Orleans, La., on November 5, 1857, and is the fourth son of the late William Henry Hunt, of Louisiana, who was secretary of the navy in the cabinets of Presidents Garfield and Arthur, and who served as minister to Russia. Judge Hunt received his education at Yale, but on account of ill health did not finish his course. In 1896 Yale conferred upon him the honorary degree of master of arts.

When he was 27 years of age Hunt was elected attorney general of the territory of Montana. He subsequently removed to Helena, and in 1888 was elected a member of the legislature, where he served as chairman of the judiciary committee. He was a member of the constitutional convention in 1884 which framed the constitution of the state when it was admitted to the union, and also held important judiciary positions in Montana.

When Gov. Allen went to Porto Rico Mr. Hunt was requested by President McKinley to become secretary of the island and to assist Gov. Allen in organizing the new civil government.

GROTESQUE DEITIES.

Effigies of War Gods Once Worshiped by Pacific Islanders Are Queer Works of Art.

As ethnographic studies, it is alleged that few specimens of primitive art are more valuable than the oddly sculptured effigies of war gods which were at one time regarded with such awe by the natives of Hawaii, New Zealand and certain other countries. The reason is, because on many of these figures, grotesque though they seem to us, various human emotions are finely, if rudely, portrayed.

PACIFIC ISLAND GODS.
(Quaint Images That Were Once Worshiped in Hawaii.)

A fine collection of these war gods has just been made by a scientist.

In Hawaii the effigies were made of the roots of osier and were adorned with red feathers from the bird known as "viiwi," and with yellow and black feathers from the bird known as "oo." In 1800 these birds had become so rare that a law was passed prohibiting anyone from killing them, and ordaining that those caught alive should be released after the necessary feathers had been carefully plucked from them.

Various emotions were expressed by these war gods. Thus one, notable for his horizontal eyes, his open mouth and his sharp teeth, expresses calm ferocity; and a second, distinguished by his drooping lips and his enormous eyes, expresses sadness.

BRITISH TO BE SHOT

De Wet Issues a Threatening Proclamation.

BOTHA'S COMMANDO GIVEN A CHASE

Kitchener Reports Extensive Captures of the Enemy's Provisions, Horses and Cattle—Captain Willis and Men Taken In Ambush.

LONDON, Sept. 4.—"De Wet has issued a proclamation," says a dispatch to The Daily Mail from Cape Town, "that he will shoot all British troops found in Orange River Colony after Sept. 15."

Colonels Scobell, Doran and Kavanagh have chased General Botha into the Mortimer district. Nearly all of General Botha's horses are in an exhausted condition, and fully one-quarter of his commando is dismounted. General Botha, unfortunately for the British, captured thirty remounts.

The Boer invaders are threatening Zuurbrak pass, Cape Colony, which commands Sweilendam. The place is well defended, however, and it is not likely that the Boers will attempt to enter the town.

Lord Kitchener telegraphs the war office, under yesterday's date, as follows: "Since Aug. 26 the columns report that during the week 19 Boers were killed, 3 wounded, 12 were taken prisoners, and there were 127 surrenders. The columns also captured 194 rifles, 144 wagons, 1,700 horses and 7,500 cattle.

"Lategan, the Boer commandant who has been operating in Cape Colony with a commando of eighty, has been driven north of the Orange river by General French."

A Pretoria dispatch gives particulars of the blowing up of the British train reported yesterday. About a hundred Boers attacked a Pietersberg train twenty-five miles north of Pretoria. They cunningly selected a deep cutting, mined the railway and blew it up with the Martini mechanism, which was placed between a rail. The man who made the connection did so prematurely and caused the explosion as a train of trucks was passing over the point. These trucks had been placed in front of the engine for the purpose of saving the train proper from just such an explosion. Little damage was done to the trucks.

As soon as the explosion occurred the Boers opened fire from the banks into the armored trucks, killing ten and wounding seventeen men.

Lieutenant Vandeleur gallantly stepped on a platform to direct his men and was shot pointblank and killed. A Dutch nursemaid was shot deliberately by a young Boer who knew her.

The Boers took all the passengers' valuables and money and even their boots and then burned the train.

The attack was made on a section of the line south of Pinaars which had never before been interfered with.

Captain Willis, with a patrol of twenty-five men from Oudtshoorn was taken in ambush near Meiring's Poort. He and two men escaped, three others were killed and four wounded, and the rest, who surrendered and took the oath of neutrality, were released.

Negro Shot and Burned.

TROY, Ala., Sept. 4.—Bill Fourney, alias Bill Hilliard, a negro charged with assaulting Miss Wilson at Chestnut Grove, was shot and his body burned by a mob near the scene of his crime.

WASHINGTON.

From our Regular Correspondent.

Washington, Sept. 2, 1901.

Washington would be peaceful at present were it not for the Sampson-Schley controversey, but both sides are so busy in considering what they will do to each other that there is a semi-sulphurous suggestion of war. The adherents of Admiral Sampson have thus far been kept occupied in explaining as much of their chief's erratic conduct as they can without giving their case away beforehand. Some of the explanations do not explain.

***

The latest development in the case is the discovery of the fact that the Cuban, General Garcia, knew, or surmised, that Cervera was coming out of the harbor of Santiago on the morning of July 3. His information came from the refugee French Consul at Santiago, and was, presumably, wigwagged to Sampson, as there was a code of signals arranged between Carcia and Sampson for that precise emergency. It would appear therefore, that Sampson not only thought that Cervera might come out at that time, and, as he has already claimed, made all arrangements to stop him should this happen, but that he actually knew that the sortie of the Spanish fleet was about to take place, and knowing, deliberately absented himself with one of the best ships of the squadron, and was hull down behind the horizon, seven miles away when the time came for him to make his everlasting reputation. On ascertaining this, Admiral Schley's friends took immense delight in arising and asking with one voice, "Why"? It really seems, sometimes, as if the Schley press of the country, which means most of the newspapers were one big interrogation point addressed to the unlucky Sampson.

∴

That Schley is the hero of the enlisted men there is no doubt. The "jackies" on his ship swear by him, and so do the gunners and sailors on other ships, not including, of course, the New York. Schley was the only one of the three prominent admirals (Dewey, Schley and Sampson) who attended the banquet at the Waldorf-Astoria given for the enlisted men during the New York celebration. Schley made a speech which took the sailors by storm.

∴

It has been suggested that General Shafter should be called as a witness when the court of inquiry meets. It is not known just what Sampson's supporters in the Navy Department think of this suggestion, and for obvious reasons it is not likely to be known. They cannot encourse it with good grace, and they cannot regard it with open disfavor without hurting themselves. That Shafter's testimony, if taken, would be one of the most interesting chapters in the record cannot be doubted. The big General is not good at fabrications or evasions, and he was in a position to know Sampson very well. He would have to relate, under oath, the story of the Santiago campaign as he saw it from the rear.

∴

Little can be learned at present, from any authoritive source, of the actual facts in the controversy. The reason is that Secretary Long has ordered every man connected with the Navy Department or with the service to keep his mouth shut. In this the Secretary has again shown the tact which has always been one of his prominent qualifications for statesmanship. It will really do no good to have the whole matter thrashed over on the statement of every little officer who knows, or thinks he knows, something about it, and the battle of Santiago was an affair in which a great many officers, big and little, took part, and on which practically every one in the service has an opinion. There are people, however, who note the fact that Captain Chadwick, of the New York, one of Sampson's devoted adherents, said a number of things about forbidden subjects a few days after the order was given, and was not punished, while Captain Forsyth, who came out in a Schley interview, is said to be in danger of a serious reprimand. They are asking "Why?" again and again, in this connection. It is probable that that little word was never more badly overworked in Washington than it has been during the preliminary proceedings of the Sampson-Schley investigation.

∴

In his leisure moments, the secretary of the Navy has been considering the matter of certain vouchers submitted by the Bethlehem Steel Company and the Carnegie Steel Company for royalties paid by these companies to the Harvey Steel Company for the use of the Harvey process in hardening steel. The matter is in some ways a test case, for if the government refuses to pay these royalties the decision will effect all royalties upon battleships constructed since 1893. The only plates directly involved are those of the battleships Illinois and Wisconsin.

∴

The steel companies claim that the government had a contract, in which it agreed to reimburse them if they were "required to pay" these royalties to the Harvey people. Secretary Long has withheld his approval until the Court of Claims decides whether the government process infringes on the Harvey system. Acting Attorney General Beck has now given an opinion on behalf of the Department of Justice, sustaining Mr. Long in his refusal. The case has been dragging along for some time. Secretary Herbert refused to pay the royalties when he was Secretary of the Navy.

∴

The Anti-Trust League is trying to reach Attorney-General Knox and bring charges against the big steel corporation, which it wants prosecuted under the Sherman act. Thus far Mr. Knox has calmly ignored the whole business. The committee of the League has not even been able to see him. His law partner is a director of the billion dollar corporation, and that, or something else, makes him feel very secure.

∴

There is a rumor that the British Foreign Office has some sensational news to give out regarding the Nicaragua Canal; but Washington is not giving as much credence to the rumor as if it did not come from Birmingham. Thereby hangs a tale, savoring of Munchausen's. It has been the practice of wouldbe wily English correspondents for lo, these many years to try to give credence to stories about the affairs of the government by making them originate in Birmingham. Now, Birmingnam is the home of Joseph Chamberlain, and the supposition seems to be that when he has Downing street news to disclose he tells it to his home papers. This is as if stories of Mr. McKinley's public policy should be hallmarked "Canton". By experience correspondents have discovered that most of these yarns are pure creations of their author's fancy; and hence, to say that a sensational disclosure about the British Foreign Office hails from Birmingham is now about the same as saying it is a natural born lie.

∴

This particular rumor is to the effect that England will abandon the position she has held for some years, and acknowledge the right of the United States to construct, maintain and fortify the Nicaragua Canal. If such things were really going to happen the chances of its leaking out beforehand would be extremely small. But when Lord Pauncefote returns and brings to discuss with Secretary Hay the result of his conference with Salsbury, it will be known, perhaps, whether there was any truth in the rumor or not.

STAT OF OHIO, CITY OF TOLEDO, LUCAS COUNTY. } ss

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December 1886.

A. W. GLEASON,
[SEAL.] Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & Co, Toledo, O

Sold by druggists, 75 cents.

Hall's Family Pills are the best.

"For eight years I suffered with inflammation of the womb and bladder, profuse and painful menstruation, and at times it seemed as though I should die. I doctored most of the time, but seemed to fail every time. A short time ago I began to take LYDIA E. PINKHAM'S VEGETABLE COMPOUND, and thanks to it, to-day I am a well woman."—MRS. L. L. TOWNE, Littleton, N. H.

Mrs. Towne, like many other suffering women, was a victim of theory. Her physician did his best. He had battled with her case steadily and could do no more. If Mrs. Towne had asked advice of Mrs. Pinkham seven or eight years earlier, she would have had just so many more years of happiness and comfort and health.

It is not reasonable to expect that any living person can advise for female troubles as safely as Mrs. Pinkham, whose experience is without parallel in the world. This should appeal to the common sense of any woman, especially when nearly every newspaper in this country is printing in almost every issue the letter of some woman who has been cured by Mrs. Pinkham when doctors had given her up. Don't wait for the doctor to give you up to the surgical knife, or tell you that you cannot live. Get your advice where you are certain to have the benefit of the widest experience. Write to Mrs. Pinkham, at Lynn, Mass., and rely on her. No charge is made for advice.

There is no female complaint, however simple or however serious, that Lydia E. Pinkham's Vegetable Compound will not help; of this there is monumental evidence in its thirty years' record of constant success. When you ask for this medicine at the druggist's, be sure you get what you ask for and nothing else. The medicine that cures is

Lydia E. Pinkham's Vegetable Compound.

$5000 REWARD We have deposited with the National City Bank, of Lynn, $5,000, which will be paid to any person who can find that the above testimonial letter is not genuine, or was published before obtaining the writer's special permission. LYDIA E. PINKHAM MEDICINE CO.

thank the printers and they can thank the grocers.

Take your work to the job offices, and then come and ask for half rates for the church notices. Get your lodge letter heads and stationery printed out of town, and then flood the editor with beautiful thoughts in resolutions and cards of thanks. They make such spicy reading, and when you pick it up filled with glowing and vivid mortuary articles, you are so proud of our little local paper.

But money—scorn the filthy thing.

Don't let the pure, innocent editor know anything about it. Keep that for sorbid tradespeople who charge for their wares. The editor gives his bounty away. The Lord loves a cheerful giver. He'll take care of the editor. He has a charter from the State to act as a door mat for the company. He will get the paper out somehow and stand up for the town and whoop it up for you when you run for office, and lie about your pigeon-toed daughter's tacky wedding, and blow about your big footed sons when they get a four-dollar-a-week job, and weep over your shivering soul when it is released from its grasping body, and smile at your giddy wife's second marriage. Don't worry about the editor—he'll get on. The Lord knows how—but somehow.—Emporia *Gazette*.

Predict an Open Winter.

The farmers are not worrying about the rise in the price of coal nor are they looking well to their woodpiles. They are sure the winter is going to be mild and that precautions against extreme cold will be unnecessary. These predictions are based on the fact that the hornets are building their nests close to the ground. Old farmers say this is a never failing sign of a warm winter with little or no snow. When the nests are built only on stout trees, high from the ground and close to the trunk, then the following winter will be a rough one and there will be plenty of snow.

Don't Worry About the Editor.

So it takes money to run a newspaper.—St. John (Kan.) *News*.

What an exaggeration; what a whopper. It has been disapproved a thousand times; it is a case of airy fancy. It doesn't take money to run a newspaper. It is run without money. It is not a business venture. It is a charitable institution, a begging concern, a highway robber. A newspaper is the child of the air, a creature of a dream. It can go on and on and any other concern would be in the hands of a receiver and wound up with cobwebs in the windows. It takes wind to run a newspaper. It takes a scintiliating, acrobatic imagination and a half dozen white shirts, and a railroad pass, to run a newspaper. But money—heavens to Betsey and six hands around, who ever needed money to conduct a newspaper? Kind words are the medium of exchange that do business for the editor—kind words and the church sociable tickets. When you see an editor with money, watch him. He'll be paying his bills and disgracing his profession. Never give money to an editor. Make him trade it out. He likes to swap.

Then when you die, after having stood around and sneered at the editor and his little jim-crow paper, be sure and have your wife send in for the extra copies by one of your weeping children, and when she reads about you, forewarn her to send fifteen cents to the editor. It would overwhelm him. Money is a corrupt thing. The editor knows it, and what he wants is your heartfelt thanks. Then he can

How To Gain Flesh

Persons have been known to gain a *pound a day* by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

50c. and $1.00, all druggists.

SCOTT & BOWNE, Chemists, New York.

THE COLUMBIAN,
Bloomsburg, Pa.

THURSDAY, SEPTEMBER 5, 1901

President McKinley is at the Buffalo Exposition today. The special train conveying the party entered Buffalo last evening. The arrival was greeted by the screeching of whistles and the booming of guns. A immense crowd had assembled at the railroad station.

Now and then a Republican journal advances the name of Roosevalt as the probable candidate of that party for the presidency in 1904. They can keep on preaching "Teddy," but it won't go. As some one has already sagely remarked, the people of the United States do not want a harumscarum, slapdash, hurrah-boy President to ride roughly over their laws, liberties and rights. Gleaming teeth and eyeglasses, personal recklessness and insubordinate zeal may be spectacular in a skirmish with a foreign foe, but the high office of President of the United States demands very different and less showy qualifications.

Representative Beaver, of Juniata county, recently wrote to Attorney General Elkin with reference to the late act prohibiting the sale of tobacco in any form to persons under 16 years of age, desiring to know if a merchant could fill an order from a parent to be carried home by a minor child under 16. The attorney general replied: "Replying to your letter of recent date with regard to the act prohibiting the sale and furnishing of tobacco persons under the age of 16 years, I would advise you, unofficially, that section two of the act of July 1, 1901, referred to, which reads that no person or persons shall either by purchase, gift or other means furnish tobacco in any form to a person under the age of 16 years is broad enough to cover the cases which you suggest in your letter. By the terms of this act the sale and furnishing of tobacco under any circumstances to persons under 16 years is absolutely prohibited.

IT MAKES A MOST EXCELLENT DEMOCRATIC CAMPAIGN DOCUMENT.

It Upholds all the Corrupt Doings of the Last Legislature—Condemns the Leading Papers of the State and Drags in a Private Citizen for its Abuse.

Harrisburg, Sept. 2, 1901.

If the Democrats had been permitted to write the Republican State platform they could not have made it any better for themselves nor worse for their opponents than did those who were entrusted with the duty of preparing it. It is agreed on all hands except by the stalwarts who edit State organs that the platform is by far the weakest document ever presented to the people of any State as a declaration of party principles. Instead of being a manly straightforward declaration of political principles, it deals in personal flings, cowardly evasions and ridiculous platitudes that would not do credit to the boys of the sophomore class in any college.

Its praise of McKinley is a piece of impudence, for McKinley organs all over the country have been unsparing in their denunciation of the corrupt Quay machine in Pennsylvania, and it was McKinley's closest friend and adviser who prevented Mr. Quay from taking his seat in the Senate on the commission of the governor which he owns.

On the question of the last Legislature the convention was between the devil and the deep sea, for to condemn the Legislature would be, in fact, to condemn itself and to approve it would be to stand sponsor for the most outrageously corrupt legislative body that ever assembled on this continent. It was a serious problem whether it would be best to ignore the last legislature, or to condemn it as the public has already done, or to stand up and brazenly declare that it was good. After discussing the mater it was decided to stand responsible for its acts, corrupt as they were, for how could Harris go before the people as a candidate for State Treasurer if the convention should condemn the Legislature in which he was one of the most subservient tools and whose vote was always cast as the machine dictated.

To endorse or not to endorse was indeed a serious problem. The endorsement was a brazen attempt to fool the people into believing that the work of the last session was good while every intelligent man in the State knows better. Not to have endorsed would have been a hypocritical play of pretending to condemn its own corruption. The convention chose to endorse and thereby practically says: It the people of the state will consider they will cordially endorse treachery, bribery and perjury when they are committed in the legislative halls of Pennsylvania and done to aid the personal interests of machine leaders.

So anxious was the convention to endorse the machine Governor that it went so far as to admit wrongdoing on the part of the machine Legislature in order to justify his vetoes. It praises him for reducing extravagant appropriations.

It is indeed a most wonderful platform and it is not surprising that it has been the subject of ridicule and contempt not only in Democratic papers but Republican organs as well from the Atlantic to the Pacific. One Republican paper refers to it as an example of inspired idiocy, while another declares that "a community armed with a ballot that should endorse such a platform by electing the ticket of the convention guilty of it would deserve to be ruled in perpetuity by its dullest rogues."

The clause which congratulates the people of Pennsylvania that there is no longer any division in the Republican party; that harmony has been restored, etc., would be amusing if it were not so stupid. The convention that can point with pride to perjury, bribery and treachery, could not be expected to acknowledge that the ablest papers of the State, many of the ablest leaders and a large following of the most intelligent voters of the party are in open revolt against the gang that dominates its party policy and more determined than ever before to drive it from power.

The question now before the people and if they believe in honesty, truth and fairness in the affairs of government and condemn fraud, treachery, bribery, perjury and robbery there can be no doubt as to the result. The last Legislature was admittedly one of the most corrupt legislative bodies that ever cursed the earth, and to elect the Republican ticket this fall is to endorse this Legislature because the Republican platform upholds it. The people of this Commonwealth certainly have to much sense to endorse so corrupt a body.

The annual reunion of the 132d Pennsylvania Volunteer Association will be held at Canton, Bradford County, this year. The date is Sept. 17, the anniversary of the battle of Antietam. The hotel accommodations are good and a special rate is granted the comrades. The secretary, Daniel J. Newman, at Scranton, will furnish card orders for those not already supplied and furnish any information relative to the reunion.

COURT PROCEEDINGS.

A Large Attendance Marked the Opening Day.

The regular September term of court opened at ten o'clock Monday morning, with Hon. R. R. Little and associates Fox and Kurtz on the bench.

The attendance on Monday was very large, and on Tuesday the room was well filled. There was a well filled callander of business, but nothing of any special interest. A great many people attended court Monday and Tuesday because they believed the McHenry murder case would be called.

Roll call of constables of the various townships and returns read and filed.

H. H. Hulmes, Charles Sands and A. V Kressler appointed re viewers to view site for road in Greenwood township near Friends' meeting House.

Estate of Sarah Schmick. Specific performance of contract. Report of auditor ordered filed to same within four days report to be confirmed absolute.

Commonwealth vs. James Alexander Charge malicious mischief and assault and battery. Continued. Bench warrant to issue in No. 13 September session 1901, for defendant.

Impaired Digestion

May not be all that is meant by *dyspepsia* now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla

which strengthens the whole digestive system

Townsend's
CLOTHING HOUSE
Will Tell You All About
Fall Styles
NEXT WEEK.

Look Out For
CLOTHING NEWS
FROM
Townsend's
Clothing House.

Here's Another Season
AND WE ARE READY FOR YOU.

We have built an adddition to our store that gives us about twice the floor space to display our goods. This means greater assortments to choose from, more opportunities for our customers We have always tried to keep the best goods we could buy, and to treat our custoners as well as possible. For books, of all kinds, go to Mercer's Drug & Book Store.

Rev. W. M. Tinker, of Brooklyn N. Y. preached in the Baptist Church Sunday.

Take your bike to the Bloomsburg Cycle Works, rear of Moore's store, for all repairs.

Edward Lewis played base ball with Danville against Milton yesterday afternoon. Milton triumphed over our neighboring town. Score, 3 to 2.

Bloomsburg sent a good sized crowd to the festival at Grangeville Saturday evening. There were fifty one tickets, beside the Bloomsburg Band, sold at the Lackawanna station, and quite a number boarded the special train at Main street.

The Winonas have a somewhat monotonous monotone artist, who will monologue and singonthehog the newest humoristies "Hold Fast" and "I Guess That'll be All," at their minstrel performance in the Opera House Monday evening Sept. 16th.

Rev N. Myers officiated at a happy nuptail event in Catawissa Wednesday evening. The ceremony took place at the Lutheran parsonage. The contracting party was Mr. Willam Roader and Miss Cora Fox, daughter of Mr. and Mrs. W. H. Fox.

A small fire, caused presumably from the explosion of a lamp occurred at the residence of Charles VanLiew on East Seventh street near Park, about nine o'clock Thursday night. The occupants were out at the time, but the blaze was discovered before the building was damaged to any extent.

The Danville Bessemer Steel company management expects to start up its new tool and shovel plant about the middle of this month. The full output will be 200 dozen daily. The new machinery has cost between $75,000 and $100,000. The company has $100,000 working capital, after paying for the new machinery, etc., and is entirely free from indebtedness.

Bloomsburg captured the first game from the Reliance Club of Mt. Carmel at that place on Labor Day. The victory was the result of Frank Shaffers masterly pitching, only four hits being secured off his delivery. Coffman and Boyd Shaffer each made phenomenal catches. The score was 3 to 2. In the afternoon our boys played a good game, but were outbatted. Mt. Carmel won this contest 15 to 13. The attendance at the afternoon game was large.

Miss Rachel Long, employed as a spinner at the Silk Mill met with a serious accident at the mill Thursday last. She was reaching under her machine for a "quill" that had fallen on the floor, when her hair was caught up by the rapidly revolving shaft. Her cries brought help, but before the machinery could be stopped, a considerable portion of her hair was torn from the head. She was removed to her home and Dr. Bruner summoned. It is hoped that the hair will grow in again.

Auctioneer John S. Williams conducted a sale of bonds in front of the Court House Monday morning. The following were sold: 5 shares of Silk Mill stock, par value $100, a share for $106.50 a share, to E. F. Carpenter; $100 Carpet Mill bond to A. Z. Schoch for $12.00; $500 Steam & Electric Light Co. bond to J. G. Freeze for $450.00; six shares Ice Co. stock to J. G. Freeze attorney for $1.00 a share and two $500 bonds of the American Electric Light Co. to C. W. Miller for $900.00.

Base ball gloves, of all kinds, base ball bats, and all base ball goods, at Mercer's Drug & Book Store.

For Croquet Sets, from 85c. to $2.25, go to Mercer's Drug & Book Store.

William Davis, of Centralia, aged twenty years, died on Wednesday of small-pox.

Envelopes, paper, tablets, box paper and all stationery, at Mercer's Drug & Book Store.

Dr. G. H. Hemingway will address the Men's Meeting at the Y. M. C. A. Sunday afternoon at 2:30 o'clock. All men are most cordially invited to attend. Good music is always a feature of these meetings. Come men, and bring your friends with you.

Rev. D. N. Kirkby, wife and family arrived home Friday afternoon. He occupied the pulpit in St. Paul's Church at both services on Sunday, and good sized congregations were present on both occasions. In the evening, Mrs. John G. Gilbert of Philadelphia, sang "Abide With Me," by Harry Rowe Shelley, in her usual pleasing way.

Do you want a good second-hand bicycle? If so, go to Mercer's Drug & Book Store. One ladies' wheel, $9.00, with new tires; one gent's wheel, style, Sentinel, a bargain at $11.00; one gent's wheel, style, Reading, for $11.00; one high grade Columbia wheel, gent's, for $9.50; one Reading Special, with coaster brake, for $16.50. New last year; one Crescent tandem for $25.00.

Miss Lulu Houser left on Monday afternoon for Bloomsburg, Columbia County, Penna., where she will accept a position as instructor in English Literature and Elocution in the High Schools of that city at a comfortable salary. This is an excellent position and speaks in the highest praise of Miss Houser and her talents and as the pupil of Prof. Pinkley, and all who know this charming young lady will bespeak much and lasting success to her in her chosen profession. We truly wish that her path may be smooth and that she may impart much of her graciousness to those into whose company she may mingle.—The *Times*, Felicity, Ohio, Aug. 29.

Light Street Whispers.

Mrs. Elizabeth Ent came home from her daughter's Sunday and seems to be on a fair way to recover.

Chas. Muffly attended the Williams Grove picnic last week.

Phineas Young, of Orange, spent Sunday with his brother, Silas, in town.

Mr. and Mrs. Frank Cotner, of Danville, spent Sunday at Harry W. Terwilliger's.

Mrs. Thompson and daughter, of New Jersey, are visiting Mrs. P. E. Hulshizer.

Mrs. Emery and daughter, Eva, have moved to town, in property of M. L. Keller.

Mrs. Isaac Reighard and son, Ray, are visiting friends in Berks county.

Conductor Dent, of the trolley line, was seen in town one day last week.

Mr. Wm. Bogart spent Sunday with Mr. and Mrs. Shew, Sr.

THE McHENRY MURDER CASE CONTINUED.

The grand jury last evening returned a true bill against Jacob Evans, of Rohrsburg, who is charged with the murder of Thomas McHenry. Immediately after the finding of the jury had been announced, District Attorney John G. Harman asked for a continuance of the case until the December term. The request was granted by Judge Little and the bail of $2000, under which Evans had been given his freedom at the habeas corpus hearing was revoked, and the prisoner was remanded to the custody of the Sheriff, to await trial. The continuance of the case occasioned no surprise, as it had been rumored on Monday that it would be carried over.

Evans appeared calm and collected, and displayed no signs of nervousness. He feels certain of his ultimate acquittal. To friends he expressed himself as follows:

"I am very glad that a true bill was returned, because I realize that it is only by a trial and acquittal that I can fully wipe out the stain of the arrest. When the time comes I can prove my innocence beyond a doubt."

His former bondsmen were present and offered to furnish bail in the sum of one hundred thousand dollars.

HORSES RAN AWAY.

Pierce Rhone, son of John Rhone, of Rohrsburg, was seriously injured in a runaway near Espy Wednesday. The horses took fright at one of the trolley cars, and before they could be stopped Mr. Rhone was thrown out, his head coming in contact with a telegraph pole. He sustained a severe scalp wound, and the services of a physician were necessary to relieve his suffering.

PURELY PERSONAL

W. K. Armstrong of Milton was in town Friday.

Miss Josephine Dresher of Stillwater spent Friday in town.

J. W. Moyer made a business trip to Danville Tuesday afternoon.

Charles Evans of Wilkes-Barre, spent Monday with his mother on Third street.

A. H. Edgar of the Benton "Argus", was in town Tuesday. He favored us with a call.

Miss Margaret Hendershott is home after a three-weeks' visit with Philadelphia relatives.

Mrs. J. H. Brown of Van Camp had her name added to our list of subscribers this week.

Capt. Edward Reese, of Park Place, spent Sunday with his daughter, Mrs. R. E. Hartman.

Miss Rose Gidding, of Wilkes-Barre, is visiting at the home of her brother, B. A. Gidding.

Prof. C. H. Albert is one of the instructors at the Teachers Institute at Wilkes-Barre this week.

W. C. Leverett returned to Philadelphia Monday. Mrs. Leverett will remain here for a couple weeks.

Miss Olive B. Moyer came home Thursday from New York and Ocean Grove, where she had been visiting.

Frank Turney of Wilkes Barre, is at the parental home on East Street. Frank has been quite seriously ill for several weeks.

The proprietor of the COLUMBIAN, accompanied by his son, G. Edward Elwell, Jr., are visiting the Pan-American Exposition this week.

Mr. and Mrs. W. O. Holmes left on Tuesday for Buffalo to visit the Exposition. They will visit relatives in New York before they return home.

Miss Lou Murray and Mrs. Doctor Kling of Wilkesbarre and Mrs. Wilbur Kling of Berwick, were entertained by friends in town on Wednesday.

Miss Grace Correl of Orange, N. J. is being entertained by relatives in town. Miss Correl for two terms was teacher of elocution in our public schools

Charles Breon arrived in town Monday, from Eagle's Mere, where he spent the heated season. He is getting ready for the opening of the Normal School which will take place Monday.

Miss Anna Ammerman of Forks was the guest of Mr and Mrs. F. H. Ringrose at Espy last week. She attended the evening performance of Welsh Bros. circus on Thursday with Mr. and Mrs. Ringrose.

REDUCED RATES TO SCRANTON.—Account State League of Republican Clubs. For the meeting of the State League of Republican Clubs, to be held in Scranton, September 17 and 18, the Pennsylvania Railroad Company will sell excursion tickets to Scranton from all stations on its line in the State of Pennsylvania and from stations on the Belvidere Division, Trenton to Belvidere, inclusive, at the rate of one fare for the round trip (minimum rate, 25 cents). Tickets to be sold and good going September 16, 17 and 18, and to return until September 20, inclusive.

At Private Sale.

A very profitable opportunity is offered to the public at private sale, in Greenwood township.

A FARM

of about 83 acres, with mill attached, and so arranged that all machinery may be attached. Also a

Chopping Mill

which, by reason of its central location, has a large patronage and does a big custom grinding business. Also a

SAW MILL,

with either steam or water power (over 30 horse). The property is in a splendid location—no hills to contend with, and will make one of the best little farms in the Greenwood valley. There is considerable timber on the farm. There is also a large, new barn on the premises. Prospective purchasers will do well to investigate, as the property will positively be sold. J. W. EVANS.

"ELITE"
FRENCH CHINA.

We desire our patrons to know that we sell the famous "Elite" china, now so extensively advertised in leading periodicals. Dainty odd pieces or complete sets may be had at prices no higher than you would pay for ordinary makes. The "Elite" mark means perfection.

Have you read the story "Limoges-Its People-Its China"? If not, leave your name at our store and we will obtain a copy for you, free.

A Big Electrical Trust.

PHILADELPHIA, Sept. 4. — The North American today prints a story to the effect that a union of all the electric railway and electric light companies owned by Philadelphia capitalists is now under way, with excellent prospects that the project will be carried to a successful conclusion. This combination will involve over $100,000,000. The principal companies to be merged are the Union Traction company, which owns all the street railway lines in this city; the new rapid transit companies recently chartered in this state; the Philadelphia Electric company, which controls most of the electric light plants in the city, and the Electric Company of America and the American Railways company, which owns electric street railways and electric light plants in many of the eastern states. The object of the combination, it is said, is for the purpose of operating the different companies on a more economical basis.

Venezuela Defiant.

CARACAS, Venezuela, Sept. 4.—The Republica, semiofficial organ of the government, publishes an inspired article on the crisis with Colombia, ending as follows: "The hour for notes has passed and the time for action has arrived. Diplomacy has laid before the world the just reasons which it has had and has for asking compensation for the grievances suffered. It has exhausted all the means at its disposal for settling threatening questions between nation and nation. We have waited enough. Now is the time for reprisals."

Unrest In Persia.

COLOGNE, Sept. 3.—A dispatch to the Cologne Gazette from Teheran, dated Aug. 31, says: "A widespread revolutionary movement is going on in Persia, fostered by discontent with the government on account of the new loan negotiations with Russia. The grand vizier is accused of selling the country and failing to make reforms. Martial law has been proclaimed in the capital and environs. The agitation, it is said, proceeds from the entourage of the shah, who frequently finds threatening letters upon his writing table."

The Last of Lawson's Yacht.

BOSTON, Sept. 4.—The yacht Independence practically went out of commission after she had raced over a course in Massachusetts bay and beaten a fleet of fishermen ten miles on a twenty-five mile course. The race was in almost ideal conditions, a twelve knot breeze in a smooth sea. She went out to make good Mr. Lawson's promise to Boston people that he would race the Independence off this port.

Accepted the Terms.

Customer—How are things going at auction?

Auctioneer—Oh, for little or nothing.

Customer—Well, you may knock that sideboard down to me for nothing.—Leslie's Weekly.

Eel Weirs.

For many years there has been a law prohibiting the erection of eel weirs in the Susquehanna river, and every year the sheriffs of the different counties have been giving notice to the public of such a law, but to no avail. The eel weirs are there yet and being erected every year. An effort is to be made, according to the Towanda *Review*, to rid the river of these unlawful devices for taking fish, On this subject the *Review* says that local fishermen who desire the unobstructed use of the river, and who believe in enforcing the law against illegal devices or capturing game fish, have declared war against the eel weirs which now fill the Susquehanna to such an extent as to render its navigation even in small boats dangerous. In pursuance of this plan and in conformity with the new fish law, notice was recently served upon Sheriff Drake notifying him of the erection of eel weirs and demanding that he proceed to remove them. This the sheriff is obliged to do under a penalty of $500. Notices are to be posted along the river from the state line to the Wyoming county line, warning all persons against maintaining or assisting in maintaining eel weirs. It is stated that prosecutions will surely be brought where evidence of the ownership of weirs can be found, or evidence to convict any person of assisting in the building of weirs. The Susquehanna river is a public highway, by act of the legislature, and no person has any more right to obstruct the navigation of a public highway upon the land. Any person who obstructs the navigation of the Susquehanna river, either by eel weirs, or in any other manner, is liable to criminal indictment, the same as he would be for obstructing a township highway, and in addition to this, is liable to all damages which may happen to anybody by reason of these obstructions. And this liability attaches not only to the party owning the eel weir, but to each and every person who assisted in any way in its erection. If any person navigating the river, either for fishing, pleasure, or any other purpose, is in any way injured by one of these weirs, every person concerned in the erection of the eel weir or other obstruction is liable for the whole amount of damages sustained, in addition to being liable to a criminal indictment for obstructing a public highway. It is reported by people who have had occasion to navigate the river, that there is scarcely a mile where some obstruction of this kind does not exist, and in many cases both wooden and iron stakes have been driven in the bed of the stream, thus causing an obstruction of the most dangerous kind. If any person has his boat destroyed or injured by running against one of these iron stakes or pins, every person directly or indirectly instrumental in placing the pin or stake in the river is liable to and action for all the damages sustained.

CONDENSED DISPATCHES.

Notable Events of the Week Briefly and Tersely Told.

Commander Schroeder, governor of the island of Guam, has arrived at San Francisco.

Congressman J. A. Tawney of Minnesota was struck in the leg by a golf ball and badly hurt.

The employees of the Standard Chain company at York, Pa., have struck for a new wage scale.

A. H. Bescher, former chairman of the Reading railway strikers, was arrested on the charge of embezzlement.

New York Jails Overcrowded.

ALBANY, N. Y., Sept. 4.—Secretary McLaughlin of the state prison commission reports to that body that the jails in Clinton, Franklin and St. Lawrence counties were overcrowded on account of recent commitments of a large number of Chinese to these jails charged with violation of the Chinese exclusion act by the United States authorities.

Naphtha Launch Blown Up.

ALBANY, N. Y., Sept. 2.—A frightful fate befell the family of Wilbur Alexander, a large contractor of this city, last night. A naphtha launch exploded on the Hudson river at The Abbey, a mile and a half below this city, killing Mrs. Alexander and her little daughter and burning Wilbur Alexander and his son, Wilbur Alexander, Jr., in a horrible ——

WHISKY MEDICINES. — The temperance press is emphasizing the danger to the home in the use of "medicines" which are loaded with whisky or alcohol. In this respect, as well as in the remarkable character of their cures, Dr. Pierce's medicines differ from other preparations. Dr. Pierce's Golden Medical Discovery and "Favorite Prescription" contain no alcohol, whisky or other intoxicant, and are equally free from opium, cocaine and other narcotics. Every family should have a copy of the People's Common Sense Medical Adviser, sent absolutely free, on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Earl Li Very Feeble.

PEKING, Sept. 4.—Li Hung Chang is becoming more and more feeble, and it is apparent to all his visitors that it is not probable that he will ever be able to act as chairman of the council of state.

Crescens Falls Again.

PROVIDENCE, Aug. 31.—Crescens failed to lower the world's trotting record in his start against time at Narragansett park. His time was 2:05 flat. The attempt to break the record was not made until after 6 o'clock, when the wind had died down. The track was smoothed over and was in the best of shape for the champion's footing.

Fifteen Now Dead.

NEWARK, N. Y., Sept. 2.—The list of dead in the Northern Central railroad wreck last Thursday evening is now fifteen, the last victim being Mrs. E. H. Hare of Greenfield, Mass.

EXPOSITION COMFORT.

TIME AND TROUBLE SAVED AND AVOIDED AT STATLER'S, THE GREAT PAN-AMERICAN HOSTELRY.

The time lost and trouble entailed by trying to attend an Exposition that is remote from the large centers of a big city, and therefore from the good hotels, is entirely obviated at the Pan-American at Buffalo.

The Exposition management are to be congratulated on the fact that right against their grounds, and indeed, forming of itself a distinct attraction, they have what is conceded to be the most wonderful hostelry ever built—namely, Statler's Hotel.

Although only three stories high, the enormous building has 2100 rooms and can easily accommodate over 5000 people. The dining room will seat 1200 people to a single meal without crowding, and so perfect is the organization and equipment that it is no uncommon thing for a whole trainload of visitors, numbering well into the hundreds, to be taken in charge and comfortably accommodated without causing so much as a ripple of excitement. A good, clean, comfortable room, together with breakfast and evening dinner can be readily secured for $2 00 or $2.50 a day, while for those who prefer to board outside good rooms may be had on the European plan for $1.00 and $1.50. Under the same management, good meals at 35 and 50 cents can be obtained at Statler's downtown restaurant in Ellicott Square, which is one of Buffalo's most famous gastronomic resorts.

Intending visitors to Buffalo, therefore, can well afford to turn a deaf ear to all the stories told by runners and touts, on the trains and elsewhere, about the impossibility of getting accommodations and extortionate charges for same. Statler's can and will take care of all who come at most moderate figures, while in addition to this the convenience of being right on the grounds all the time and of being able to view the glorious illumination at night from Statler's towers and terraces without the fatigue of a return journey from more remote quarters is well worth a traveler's consideration.

You can't expect a straight tip from a crooked man.

Itching, burning, creeping, crawling skin diseases relieved in a few minutes by Agnew's Ointment. Dr. Agnew's Ointment relieves instantly, and cures tetter, salt rheum, scald head, eczema, ulcers, blotches, and all eruptions of the skin. It is soothing and quieting and acts like magic in all baby humors, irritation of the scalp or rashes during teething time. 4
Sold by C. A. Kleim.

The street car conductor might be called a wayfarer.

PILL SENSE.—It stands to reason that Dr. Agnew's Little Liver Pills will crowd out of the market many of the nauseous old-timers. A better medicine at less than half the price is all the argument needed to keep the demand what it has been—phenomenal—40 doses 10 cents. They cure sick headache, biliousness, and allay all stomach irritations. 100 pills in 25c. size. 3
Sold by C. A. Kleim.

It's funny that after a man gives his word he tries hard to keep it.

CATARRH FOR 20 YEARS AND CURED IN A FEW DAYS.—Hon. George James, of Scranton, Pa., says: "I have been a martyr to catarrh for 20 years, constant hawking, dropping in the throat and pain in the head, very offensive breath. I tried Dr. Agnew's Catarrhal Powder. The first application gave instant relief. After using a few bottles I was cured. 50 cents. 1

Orangeville Borough Ordinance—No. 19.

AN ORDINANCE GRANTING THE RIGHT OF WAY THROUGH AND OVER CERTAIN STREETS IN THE BOROUGH OF ORANGEVILLE, COUNTY OF COLUMBIA AND STATE OF PENNSYLVANIA, TO THE COLUMBIA & MONTOUR ELECTRIC RAILWAY COMP'Y; REGULATING THE MAINTENANCE AND OPERATION OF THE RAILWAY OF THE SAID COMPANY, AND DEFINING THE CONDITIONS UPON WHICH THE RIGHT OF WAY IS GRANTED.

Be it ordained and enacted by the Council of the Borough of Orangeville, and it is hereby ordained and enacted by the authority of the same:

Section 1.—Specifications of streets over which franchise is granted. Poles, wires and additional tracks.

That from and after the passage of this ordinance, the Columbia & Montour Electric Railway Company, its successor and assigns, is hereby given the right, liberty and privilege, to erect, construct, maintain and operate, over and upon Main street, a single line of railway, with necessary tracks, and to lay upon said streets its said tracks, and to erect and maintain poles, and string wires thereon, for the purpose of operating said street railway. Said street railway shall have the further right of laying and maintaining such further and additional tracks, poles and wires, under and subject to the restrictions and regulations hereinafter provided, as may be necessary to carry their cars from their car barn to their main tracks, provided that before such additional tracks shall be laid, or poles or wires erected, the consent of the Borough Council shall be first obtained as to the location of the same.

Proviso.—And provided further that all the rights and privileges granted or conferred in this section shall be subject to the terms, conditions and regulations hereinafter contained and subject to such other reasonable regulations as may be provided by such ordinance, or ordinances, as may be hereafter passed by the Council of the Borough of Orangeville.

Section 2.—Written acceptance required to be filed to this and subsequent ordinances. Mode of signing the acceptance.

Before said Railway Company shall have any power or authority whatever to enter upon, occupy or use, the streets mentioned in this ordinance, and named for the purpose of constructing and maintaining their said railway, said Company shall file with the Clerk of the Council their written acceptance of the conditions and provisions of this ordinance, and of all reasonable provisions and such ordinances as may hereafter be passed by the Borough Council aforesaid, relating to street railways, and also an agreement on the part of said Company to construct, operate and maintain their said railway, its tracks, poles and wires, expressly subject to the provisions of this ordinance, and to all reasonable provisions of such subsequent ordinances as may be passed, as aforesaid, relating to street passenger railways; which said agreement and written acceptance shall be signed by the President of said Company and have affixed thereto the corporate seal thereof, duly attested by the Secretary, and shall show upon its face the requisite legal authority of said officers to sign such acceptance and agreement, and to affix the corporate seal thereto, so as to bind said Company.

Section 3.—Only electrical power shall be used.

That electrical power only shall be used on the railway constructed under the provisions of this ordinance, and the overhead system shall be discarded whenever a more satisfactory means of electrical propulsion shall be brought into practice and commercial use in communities of similar size.

Section 4.—Alignment, grades and supervision of poles, wires and overhead work.

The said railway shall conform its lines and grades with the stakes given by the Borough Engineer, and shall locate its poles and wires, and construct the same, both as to street and overhead work, under the direction of the President of the Borough Council and the Borough Engineer. That the said Railway Company, its successors and assigns, shall grade from curb to curb, according to the courses and distances, and grades, etc., as set out in ordinance No. 15, the entire Main street, from the south borough line to the north borough line, or to the end of said railway, if it doesn't extend to the north borough line, and the Engineer, for giving said grades, etc., as well as all other work done, for or on account of said Company, shall be paid by the said Company. Said Company shall replace all crossings that they may tear up, and shall not injure any of the drain pipes extending across said street.

Section 5.—Specifications as to paving between the tracks.

The said Railway Company shall lay and maintain its tracks in the middle of the streets in such a way and manner as to conform to the established grade of the streets occupied thereby, and such grade as may be hereafter established, and shall, at all times, keep the space between the rails, and for a distance of two feet outside of each rail, in good repair, and in conformity with the nature of the roadway, whether paved, macadamized or otherwise. It is further provided, that if, at any time, the said Borough Council shall determine by ordinance, to pave any of the streets, as above mentioned, which said Railway shall occupy, the said Railway Company shall likewise pave its roadbed between the rails, as well as two feet on either side thereof, with the same material as is used by said Borough Council.

Section 6.—Requirements as to paving by Company after paving by the Borough. Change of rails. Change of grade.

It is further provided that should the municipal authorities of the Borough, at any time hereafter, direct the streets occupied by said Railway Company to be paved with Belgian blocks, vitrified brick, or any other form of permanent pavement, that them, and in such case, the said Railway Company shall at once, at their own expense, pave one (2) feet outside of each rail thereof with such pavement as shall be directed. Should such improved pavement require the use of a different rail from that hereinafter provided for, then and in such case, such change of rail shall be made under the supervision of the President of the Borough Council and the Borough Engineer. And in the event of the change of grade of said streets, or any of them, by the said Borough, the said Company shall, at its own expense, take up, change, re-lay and alter its railway, and that part of the street or roadway, by it to be repaired and maintained, so as to conform to such new grade, as fixed by the municipal authorities, as soon as the Borough shall bring said street up to, or lower them to such new grade.

Section 7.—Provisions as to snow and ice.

That the said Railway Company shall not use salt on its tracks for the purpose of melting snow or ice, and when snow or ice is removed from the tracks, the same shall not be thrown in heaps along the side of the tracks, but shall be carefully and evenly distributed, so as not to obstruct public travel.

Section 8.—"T" rail shall be used. Manner of laying.

That the rails to be used by the said Railway Company shall be "T" rails, of not less than 56 pounds to the yard, and they shall be securely fastened to heavy wooden ties and bounded in a substantial and workmanlike manner. They shall not project above the regular grade of the street, but shall be kept on a level therewith and shall be laid 5ft½ inches apart.

Section 9.—Regulations to erecting, painting and use of poles.

That all poles erected by the said Railway Company shall be located, erected and maintained, under the direction of the President of the Borough Council and the Borough Engineer. Said poles shall be straight and smooth, and shall be painted from top to bottom, at the expense of the said Company. They shall be placed in such manner as to cause the least possible obstruction or injury to the curb or sidewalk; said poles shall be as few in number as possible and shall be subject at all times to the use of the Borough for the stringing of wires for its own use, not, however, in any way interfering with the operation of the said railway. Whenever and wherever said poles are erected the Company shall carefully replace the material excavated, and re-lay, in good order and repair, all bricks, flagging or other paving material, curbing or guttering, and shall, at all times, keep and maintain the pavements, curbs and gutters, around and about their said poles, in good order and repair.

Section 10.—Regulations as to wires.

That all wires suspended over the streets shall be at least 18 feet above the surface of the tracks, and shall be so fastened to poles and each other that they will be effectually insulated and properly secured.

Section 11.—Right of Fire Department.

That in case of fire, the Fire Department shall have the right of way upon said streets, and shall maintain the same as long as necessary, and no longer.

Section 12.—Company to construct within one (1) year. Penalty upon failure to obey ordinance. Proviso:

That the said Railway Company shall commence the construction of their said railway within four months after the passage of this ordinance, and shall have the same fully constructed, equipped and in operation, within one year after said date, unless the Borough Council shall, by ordinance, extend the time; and in case said Company shall fail or neglect to comply with the provisions of this section of this ordinance, the rights, liberties and privileges, herein granted, may be declared null and void by the said Council, and thereupon and immediately thereafter, any and all rights, powers and privileges of the said Company under this ordinance shall at once entirely cease, determine and become absolutely null and void. Should the Company, its successors or assigns, at any time after the expiration of the year aforesaid, neglect or fail to operate said street railway for a period of sixty (60) consecutive days, unless prevented by an act of Providence, or due process of law, them and in that case the liberties and privileges herein granted may likewise be declared null and void by the Borough Council, and thereupon and immediately thereafter any and all powers and privileges of said Company under this ordinance shall likewise cease, determine and become absolutely null and void. Provided further, that no cars shall be run at intervals simply for the purpose of retaining and holding the franchise and right of way herein granted.

Section 13.—If, in the opinion of the Borough Council of said Borough, it shall be necessary for the Borough authorities, their servants, workmen, agents or employees, at any time, to occupy all or any part of the street, upon which said railway is constructed, for any purpose whatsoever, they shall have full and entire authority to so occupy said streets, or any part thereof, without liability for damages for obstructing the operations of the railway, and without any hindrance upon the part of the said Company.

Section 14.—Culverts, drains and water pipes. Removing and relaying of tracks.

The authorities of said Borough shall, at all times, by themselves, their servants, workmen, agents or employees, have the right to make such repairs and improvements to the culverts, drains, sewers and water pipes, running along or near the surface of the said railway tracks, and to lay and maintain such additional culverts, drain sewers and water pipes, as they may deem proper; causing as little obstruction to the running of cars as possible. And whenever it shall be necessary for the said purpose to remove the tracks of the said Company, the same shall, upon reasonable notice, be removed and re-layed by the said Company.

Section 15.—Use of vehicles on tracks.

All persons may drive with wagons, carriages or other vehicles, on the tracks of said Company without becoming trespassers, provided, however, they do not retard, or in any manner interfere with the operation of said railway.

Section 16.—Company to indemnify for damages.

The said Street Railway Company shall indemnify and hold harmless the said Borough, in all suits or actions at law which may arise in the construction, maintenance and operation of said Railway Company, shall be permitted to defend in the name of the Borough in any suit or action.

Section 17. If, in any case, the said Railway Company shall neglect or refuse, when required by the municipal authorities, to repair, pave, or re-pave the street or streets between its tracks, as hereinbefore required, or to do any other thing required by the previous provisions of this ordinance, or to take up and re-lay its tracks, as hereinbefore provided, or to do any other act, matter or thing, by this ordinance provided, then and in such case, the said Borough shall proceed to do the same, and shall collect and recover the expense and cost thereof from said Railway Company.

Section 18.—No tax on cars for ten (10) years. That there shall be no tax placed upon any of the cars, poles, or other apparatus of said Company, for the space of ten (10) years from the acceptance of this ordinance by said Company.

Section 19.—Company to pay expenses of ordinance.

That said Railway Company shall pay all costs and expenses incident to the drawing, printing, posting and publishing of this ordinance; and that said ordinance shall not go into effect until the proper officers of said Company shall have certified to this Council their acceptance of the same, as provided herein.

Passed by Council August 9th, 1901.

C. B. WHITE,
President of Council.

Attest: CLINTON HERRING, Secretary.

Approved August 9th, 1901.

A. B. HERRING,
Chief Burgess.

THOUSANDS PERISH.

Terrible Floods Along the Yangtse River In China.

SHANGHAI SUFFERS IMMENSE LOSS.

New York Christian Herald Receives Dispatches From Tientsin Saying That One-third of That City's Population Is Dead.

NEW YORK, Sept. 4.—The Christian Herald has received the following cable dispatch from the Rev. Arthur H. Smith of Tientsin, chairman of the famine relief committee, dated Chefu, Sept. 3:

"Terrible Yangtse floods. Dr. Richard and others approve Shanghai committee of Chinese and foreigners, embracing consuls, merchants, missionaries, distribute relief. If funds not all required in Shanghai, then transfer to Yangtse."

Several hours later a second cable was received, as follows:

"Dr. Duncan wires one-third population dead Shanghai. Forming Yangtse relief committee."

Dr. Klopsch of The Christian Herald cabled to Chairman Smith indorsing the decision of the committee to apply the unexpended balance of the famine fund in behalf of the Shanghai flood sufferers. The committee has power to extend its relief operations and will probably begin work at once in the city of Shanghai and other portions of the province of Kiangsu.

Shanghai is one of the principal ports of China and has a population of about 300,000, including the largest European and American element of any city in China save Hongkong.

There are British, French and German concessions at Shanghai, and there is a garrison of Anglo-Italian troops.

Monument Dedicated.

WILMINGTON, Del., Sept. 4.—At Coochs Bridge yesterday the monument marking the battlefield where it is claimed the stars and stripes were first unfurled in battle was unveiled. It was the anniversary of the engagement in 1777 between the troops of General Washington and General Howe, which was commemorated in the exercises. Chief Justice Lore, president of the Historical society of Delaware, presided. The monument was presented to the state by J. Wilkins Cooch and was received by Governor John Hunn. Addresses were made by Walter S. Logan of New York, president general of the National Society of Sons of the American Revolution; General James H. Wilson, U. S. A. and others. The monument, which is of granite, is six feet high. The stone is surrounded by four cannon presented by the government.

Nine New Oil Gushers.

BEAUMONT, Tex., Sept. 2.—During the week just closed nine gushers were brought in. This is decidedly the biggest week in the history of the fields. During the month nineteen spouting wells were completed. Several miles of pipe line have been laid, a dozen large storage tanks completed and several more begun. Not less than twenty big steel tanks having a capacity of 38,500 to 50,000 gallons have been contracted for, and several of them are now under course of construction. On the whole, the month just closed has witnessed a development in this field that is marvelous. The week had its tragic side in the four deaths resulting from the breaking loose of one of the gushers. Forty-four gushers have been completed. The daily shipments now average eighty-five cars.

Twenty-eight Perished.

PHILADELPHIA, Aug. 31.—It is now reasonably certain that at least 28 persons perished as a result of the explosion of one of the boilers of the steamer City of Trenton on the Delaware river above this city on Wednesday afternoon. This conclusion is reached by the police authorities through the fact that 17 persons who are reported by their relatives or friends to have been on the steamer have not yet been found. These missing persons, with 11 bodies already recovered, make a total of 28. Ten persons are still in a serious condition as a result of the disaster, of whom four are in a critical condition and may die.

Heavy Canal Tonnage.

ALBANY, Aug. 31.—A statement of the tonnage of the canals for the week ended Aug. 22 compared with the tonnage of the corresponding week of last year, as given out by Colonel John N. Partridge, superintendent of public works, shows that the increased business on the canals which began with the opening of the season continues. The total of tons carried last year was 111,316. That for 1901 is 117,325, the increase being 6,009 tons. The actual increase in eastern shipments for the week is nearly 12,000 tons. This increased shipment consists largely of wheat, the total tons being 16,791 as against only 240 tons last year.

Public Debt Statement.

WASHINGTON, Sept. 4.—The monthly statement of the public debt shows that at the close of business Aug. 31, 1901, the debt, less cash in the treasury, amounted to $1,036,349,896, a decrease for the month of $5,460,597. The debt is recapitulated as follows: Interest bearing debt, $982,640,090; debt on which interest has ceased since maturity, $1,393,620; debt bearing no interest, $382,287,411; total, $1,366,321,121. This amount, however, does not include $780,033,689 in certificates and treasury notes outstanding which are offset by an equal amount of cash held for their redemption.

Historic Mill Burned.

BALLSTON, N. Y., Aug. 30.—The old and historic frame grist mill in Milton Center, near here, has been destroyed by fire. According to tradition, the mill was built in 1775 by Colonel John Ball, a patriot officer of the Revolutionary war. Billings & Aldrich's sawmill adjoining, with barn and sawed lumber, was also destroyed by the fire.

Italians Cause Malaria.

BOSTON, Aug. 30.—In the annual report of the state board of health Secretary S. W. Abbott says that during the past ten years every case of malaria investigated in Massachusetts has been traced to the presence in the neighborhood of Italian laborers. Italy, it is well known, is cursed by malaria, says the report.

Chile's New President.

SANTIAGO, Chile, Aug. 31.—Congress has ratified the nomination of Don Jerman Riesco as future president of Chile. He will assume office Sept. 18.

GENERAL LUDLOW DEAD.

Brave Soldier a Victim of Consumption.

CONVENT, N. J., Aug. 31.—Brigadier General William Ludlow, U. S. A., is dead of consumption. He had been ill at the home of his son-in-law, C. A. Griscom, Jr., since his arrival from the Philippines in May last.

It had been expected that the return to American climate would lead to a complete recovery.

General Ludlow commanded a brigade at Santiago and was military governor of Havana. His health failed after transfer to the Philippines.

Before the Cuban campaign he was for some time in charge of military engineering operations in the east, with offices at the army building in this city.

General Ludlow went to Cuba as an engineer officer, but asked for a command in the field and was assigned to a brigade

GENERAL LUDLOW.

in General Lawton's division. At Caney he commanded the left wing, and for distinguished services in that battle he was promoted to major general of volunteers.

He was reckoned before his illness "the handsomest man in the army."

General Ludlow was one of the best known officers in the army. He entered the Military academy from New York in 1860 and graduated before the close of the civil war, entered the corps of engineers and rendered conspicuous services in the south, for which he was brevetted lieutenant colonel.

Many important works of coast defense and river and harbor improvements have been under his charge, and he was a member of the Nicaragua canal commission which made a report upon that project just before the present commission was appointed. In May, 1898, he was made a brigadier general of volunteers and took an important part in the operations around Santiago. He was promoted to major general of volunteers in recognition of his services. Upon the rearrangement of the volunteer officers after the close of the Spanish war he became a brigadier general of volunteers and retained that position until appointed a brigadier in the regular army last January. Soon after his appointment he went to the Philippines, but a short service there developed tuberculosis, and he was invalided home.

THIRTY-FOUR KILLED.

Wreck on the Great Northern Proves to Have Been Sanguinary.

SPOKANE, Wash., Sept. 2.—Reports indicate that the wreck on the Great Northern, forty miles east of Kalispell, was the worst in the road's history and one of the most sanguinary in the annals of American railroading. Thirty-four lives were lost, and ten persons were injured. Three of the injured will surely die, and the others are in a serious condition.

By heroic efforts fifteen of the bodies were taken from the wrecked cars. All the other victims were cremated, including Superintendent P. L. Downs and his son, T. Kirk Downs.

BASEBALL.

Germany and Prince Chun.

BERLIN, Sept. 4.—"In official circles," says the Berliner Tageblatt, "there exists a feeling that it would be an error to insist that Prince Chun beg pardon for the murder of Baron von Ketteler, inasmuch as the German government never took the position that Emperor Kwang Su was responsible for it." The Boersen Courier says it learns that Count von Bulow dissuaded the kaiser from insisting upon the ceremony of prostration, arguing that mere externalities were worthless.

New Tax Law Exceeds Expectations.

ALBANY, N. Y., Sept. 4.—Comptroller Knight reports that the total receipts from the operation of the new law taxing trust companies are $1,407,995. The period in which the tax for the first year was to be paid expired on Sept. 1. The amount of taxes collected is $7,995 in excess of the sum estimated would be collected under the statute for the first year of its operation.

Flanagan's Great Hammer Throw.

NEW YORK, Sept. 3.—At the annual Labor day athletic meeting of the Greater New York Irish-American Athletic association at Celtic park, Long Island City, John Flanagan, the champion 116 pound hammer thrower of the world, added new figures to his former record by throwing the missile 171 feet 9 inches, breaking the former record by 2 feet 5 inches.

Creed Revisionists Adjourn.

SARATOGA, Aug. 31.—The Presbyterian general assembly committee on revision of the Westminster confession has received reports of progress made by its three sections and adjourned to meet in the Church of the Covenant, Washington, on Dec. 4.

Snowstorm In Colorado.

DENVER, Aug. 30.—Snow fell in a blinding sheet for an hour in Alpine pass yesterday and was followed by a severe hailstorm.

MAN OF EXPERIENCE.

Capt. Lemly, Judge Advocate of Schley Court of Inquiry.

Has Had More to Do with the Prosecution of Naval Law Cases Than Any Other Officer in the Service.

Capt. Lemly is particularly well fitted for the exacting duties of judge advocate. He is now serving his third term as judge advocate general. He is a civil as well as a maritime lawyer. So far as known he has never expressed an opinion as to the merits of either Rear Admiral Sampson or Rear Admiral Schley. He served with Schley in the Essex on the South Atlantic station, and was a watch officer on board the Thetis, commanded by Capt. Schley, which, with the Bear, formed the Greely relief expedition.

Capt. Lemly says he would feel hurt to have it intimated that he has any personal feeling whatever in the controversy. In all the time he has been at the head of the legal department of the navy, his service dating back to 1892, he has, fortunately, never had occasion to pass upon any question that involved either Sampson or Schley in any personal aspect. He has known both—Schley better than Sampson, perhaps. He was one of Schley's personal friends when he (Lemly) was in active line service. Indeed, he accompanied Schley on the famous Greely relief expedition, and he rendered valuable service to Schley on that occasion, which the senior officer recognized. On the other hand, Capt. Lemly has known Sampson officially in the navy department when the admiral was at the head of the ordnance bureau, and they were thus thrown into close contact in a business point of view at least for several years.

Capt. Lemly had already arranged to depart from Washington on his annual leave on a trip through Canada some time in August. He will arrange to leave on a later date now, in order to be able to study up this

CAPT. SAMUEL C. LEMLY.
(Judge Advocate of the Sampson-Schley Court of Inquiry.)

celebrated case before the court meets September 12.

Meanwhile the clerical force of the judge advocate's department can prepare the mass of documentary evidence necessary for use before the points may be gathered ready for the opening. It should be noted that under the ordinary rules of practice the judge advocate general of the navy is called upon to review the proceedings of court-martials and courts of inquiry. Secretary Long has promised Capt. Lemly that he will be exempted from the duty of reviewing the proceedings of the Schley court.

Capt. Lemly has probably had more experience in the prosecution of naval law cases than any other officer in the navy, and is generally regarded as one of the best equipped officers in the navy for the important duties which will devolve upon him as judge advocate of the court selected to pass upon controversial points resulting from the conduct of the naval campaign in the West Indies.

Prior to his assumption of his duties as judge advocate general of the navy, in June, 1892, he was prominently identified with several of the most important trials and investigations in the recent annals of the navy. As judge advocate and recorder of various courts he traversed nearly all points of the world visited by United States warships, going as far as China and Japan in the prosecution of such work.

He was judge advocate of the court-martial convened in China as a result of the loss of the United States steamship Ashuelot, and was also judge advocate in the court-martial case of Paymaster Watkins, which sat at Yokohama. He was also judge advocate in the court-martial cases appointed for the trial of ex-Surgeon General Wales and ex-Paymaster General Smith. Probably his most important work of this kind, however, was as judge advocate of the court of inquiry which investigated the loss of the Jeannette in the Arctic. That investigation was conducted in Washington and was marked by almost as much acrimony and controversy as the pending Sampson-Schley case.

Naval officers in speaking of the fairness of Secretary Long in selecting the court of inquiry point to the fact that Admiral Kimberly was Schley's commander back in the 70's.

Suffrage Laws in Belgium.

Under the Belgian law unmarried men over 25 have one vote, married men and widowers with families have two votes, and priests and other persons of position and education have three votes. Severe penalties are imposed on those who fail to vote.

Dr. Pierce's Favorite Prescription Doubles a Mother's Joys and Halves Her Sorrows.

It does this by a pre-natal preparation in which the mother finds herself growing stronger instead of weaker with each month. Instead of nausea and nervousness, there are healthy appetite, quiet nerves, and refreshing sleep. The mind's content keeps pace with the body's comfort. There is no anxiety, no dread of the approaching time of travail. When the birth hour comes it is practically painless, the recovery is rapid, and the mother finds herself abundantly able to nurse her child.

"Favorite Prescription" contains no alcohol, neither opium, cocaine, nor any other narcotic.

Sick women are invited to consult Dr. Pierce by letter *free* of charge, and so obtain without cost the advice of a specialist in the diseases peculiar to women. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mrs. Annie Blacker, 629 Catherine Street, Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' I have much better health, and now I have a fine healthy baby. I heve recommended your medicines to several of my friends and they have been benefited by them."

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

SHERIFF'S SALE.

By virtue of a writ of Fi. Fa., issued out of the Court of Common Pleas of Columbia County, Pennsylvania, and to me directed, there will be exposed to public sale, at the Court in Bloomsburg, county and state aforesaid, on

SATURDAY, SEPT. 7, 1901,

at two o'clock p. m., all those two certain tracts, or parcels of land, situate in the Township of Catawissa, Columbia County, Pennsylvania, bounded and described as follows, to wit: Beginning at a corner of land of Elias Weaver, and thence by same north seventy-two degrees east, seventy-one perches to a stone; thence by land of William Zimmerman south eight degrees east, twenty-eight perches to a chestnut stump; thence by same, and lands to be conveyed by John Wren to Elias Weaver, south seventy-two and one-half degrees west, sixty-nine and two-tenths perches to the public road, known as the Esther Furnace Road; thence along road north thirteen and one-half degrees west, twenty-seven and eight-tenths perches to the place of beginning, containing

11 ACRES,

neat measure, whereon are erected

2 FRAME DWELLING HOUSES,

frame barns and other outbuildings There is also a spring house and a fine spring of water.

TRACT NO. 2.—Also, all that certain tract of land, in Township of Catawissa and state aforesaid, bounded and described as follows, to wit: Beginning at a stone in the public road, aforesaid, thence same thirteen and one-half degrees west, nineteen and one-half perches to a stone in said road; thence by land of Warren Hower south eighty-two and three-quarters degrees west, twenty perches to a stone, in line of Elias Weaver; thence along same seventeen and one-quarter degrees east, twenty-two and seven-tenths perches to a chestnut; thence by land of same north seventy-two degrees east, eighteen perches to the place of beginning, containing

2½ ACRES,

neat measure.

Seized, taken in execution, at the suit of E. D. Tewksbury and John Sousser, administrators of E. M Tewksbury, deceased, vs. William Zimmerman, and to be sold as the property of William Zimmerman.

DANIEL KNORR,
FREEZE, Atty. Sheriff.

ORPHANS' COURT SALE

—OF VALUABLE—

REAL ESTATE.

Pursuant to an order of the Orphans' Court of Columbia County, Pennsylvania, the undersigned, administrator of the estate of Lawson Hughes, late of Mill Grove, deceased, will expose the following property to public sale on

TUESDAY, SEPT. 17, 1901,

at one o'clock p. m., upon the premises, in Mill Grove, Columbia County, Pennsylvania.

TRACT No. 2.—Situate in Mill Grove, and bounded by the public road leading from Mill Grove to the Union Switch, lands of Owen W. Cherington and Elijah Beaver, containing about

15,826 SQUARE FEET,

whereon is erected a

3 STORY FRAME BUILDING,

commonly known as the Terrace House property. The last above described property to be sold upon the condition "that no license whatever shall at any time be obtained for the sale of any spirituous or malt liquors upon the said premises, by the purchaser or purchasers thereof, their heirs or assigns, or lessees, and that a covenant to that effect shall also be inserted in the deed conveying said premises."

ALSO,

TRACT NO. 3.—Situate in Mill Grove, and bounded by the public road leading from Mill Grove to the Methodist Church, in Roaring-creek township, lands of Owen W. Cherington and other lands of decedent, containing about

70¼ SQ. PERCHES OF LAND,

on which is erected

A LARGE FRAME STABLE.

TERMS OF SALE:—The one-half of the purchase money, being the amount to be set apart to secure the widow's interest, to be and remain a lien upon the premises, as required by law, the interest thereof to be paid to her annually, from and after the date of confirmation, during her life, and the principal thereof to be paid at her death, to the parties legally entitled thereto; ten per cent. of one-fourth of the purchase money at the striking down of the property, excepting sales under ($500) two hundred dollars, which shall be ten per cent. of the whole; the one-fourth, less the ten per cent., on confirmation of sale, and the balance with interest from the confirmation, in one year from day of confirmation. All bonds and mortgages taken to secure the deferred payments on the several premises, and the deeds of conveyance, to be paid for by the purchaser or purchasers, respectively.

These properties will positively be sold, as it is desired to close up and settle the estate.

OWEN W. CHERINGTON,
N. U. FUNK, Att'y. ADMINISTRATOR

SHERIFF'S SALE.

By virtue of a writ of Fi. Fa. issued out of the Court of Common Pleas of Columbia County, Pa., and to me directed there will be exposed to public sale at the Court House in Bloomsburg, county and state aforesaid, on

SATURDAY, SEPT. 7, 1901,

at two o'clock p. m., all that certain piece, or parcel of land, situate at the northwest corner of Fourth and West streets, in Bloomsburg, Columbia County, Pennsylvania, bounded and described as follows, to wit: On the north by Anthony's alley, on the east by property of M. Appleman, on the south by said Fourth street and on the west by said West street, containing in front on said Fourth street one hundred feet, more or less, and in depth of that width two hundred fourteen feet and six inches, more or less, whereon is erected a two-story

FRAME DWELLING HOUSE.

Seized, taken in execution, at the suit of the Pennsylvania Trust Company vs. John W. Kramer, and to be sold as the property of John W. Kramer.

DANIEL KNORR,
HARMAN, Atty. Sheriff.

EXECUTOR'S SALE

—OF VALUABLE—

REAL ESTATE.

Pursuant to the power contained in the will of Joshua Fetterman, deceased, late of the Town of Bloomsburg, Columbia County, Pennsylvania, the undersigned executor will expose to public sale, at the Court House, in the Town of Bloomsburg, on

SATURDAY, SEPT. 7, 1901,

at two o'clock in the afternoon of said day, the following described real estate, to wit: All that certain piece, parcel and tract of land, situate on the north side of the Lightstreet road, in the Town of Bloomsburg, County of Columbia and State of Pennsylvania, bounded and described as follows, to wit: On the north by First street, of said town, on the east by land of George Hughes, on the south by Lightstreet road, and on the west by lot of Leah C. Eshleman, being one hundred and forty-one feet on First street and two hundred and ninety-four feet along land of George Hughes, and one hundred and seventy-six feet and nine inches along the Lightstreet road, and —— feet along Leah C. Eshleman's. This property is a very valuable one and a number of first-class building lots could be carved out of it.

TERMS OF SALE:—Ten per cent of the one-fourth of the purchase money to be paid at the striking down of the property, the balance of the one-fourth within two months from date of sale, and the remaining three-fourths within one year from date of sale. Deed and surveys, if wanted, at the expense of the purchaser.

W. B. ALLEN,
Executor of Joshua Fetterman, dec'd.
GRANT HERRING, Att'y.

SHERIFF'S SALE.

By virtue of a writ of Fi. Fa., issued out of the Court of Common Pleas of Columbia county, Pennsylvania, and to me directed, there will be exposed to public sale, at the Court House, in Bloomsburg, county and state aforesaid, on

SATURDAY, SEPT 7, 1901,

at two o'clock p. m., all that certain messuage, or piece, or lot of land, situate in the Town of Bloomsburg, aforesaid, bounded and described as follows, viz: Beginning at a corner of lot No. 16, now owned by the widow of James Barton, deceased, on the north side of Second or Main street of said town; thence by the said lot north twenty-five degrees fifty-six minutes west, two hundred fourteen feet and six inches to Ridge alley; thence along said alley south sixty-four degrees fifty-six minutes west, twenty-three feet and nine inches to lot of Amos Buckalew; thence by said lot south twenty-six degrees east, one hundred fifty-four feet to a corner; thence by the same north sixty-three and one-quarter degrees east, three feet and two inches to a corner; thence by the same south 25 deg's east, sixty feeet and six inches to Second or Main street, aforesaid; and thence along the north side of said street north sixty-four degrees fifty-six minutes east, twenty-one feet and one-half inch to the place of beginning, whereon is erected a two-story

BRICK DWELLING HOUSE

and other outbuildings.

Seized, taken in execution, at the suit of Pennsylvania Trust Company, to use of Margaret Quocco, vs. G. M. Quick, and to be sold as the property of G. M. Quick.

DANIEL KNORR,
HARMAN, Atty. Sheriff.

FOR SALE AND FOR RENT.

FOR SALE:—A brick store building and dwelling, together with stock and fixtures One of the best locations in Bloomsburg. Apply to J. C. Rutter Jr. 8-1 tf.

FOR SALE.—A steam boiler for house heating purposes. Good as new. Satisfactory reasons for selling. Inquire of Dr. J. C. Rutter, Bloomsburg, Pa. 8 1 tf

PUBLIC SALE.—W. B. Allen, executor of the estate of Joshua Fetterman, late of Bloomsburg, Pa., deceased, will expose to public sale, at the Court House, on Saturday, Sept. 7, 1901, valuable real estate, situate on the north side of the Lightstreet road. This property is a very valuable one and a number of first-class building lots could be carved out of it. Sale to commence at two o'clock p. m.

PUBLIC SALE.—Owen W. Cherington, administrator of the estate of Lawson Hughes, late of Mill Grove, Columbia County, Pa., deceased, will expose to public sale, on the premises, in Mill Grove, on Tuesday, Sept. 17, 1901, at one o'clock p. m., two tracts of land, one containing 15,826 square feet, and the other 70¼ square perches of land, the former being known as the Terrace House property. The improvements thereon are a 3-story frame building and a large frame stable.

The unexpected happens until it gets to be expected.

For a good bicycle, either ladies' or gent's, go to Mercer's Drug & Book Store.

A resolution pledging themselves to never be guilty of making "root beer, home made wines and kindred drinks" was adopted at the closing session last evening of the York County W. C. T. U. The objection to root beer, the President explained is the use of yeast and the resultant fermentation, which is said to impart an effect on the drinker similar to that of malt liquors.

Enoch Rittenhouse died suddenly at his home in Briarcreek township Sunday, a little before the noon day hour. He was well advanced in years, having passed his 80th birthday, but notwithstanding this fact he appeared to be in good health. His death was consequently a great shock to his family and to the community in general. He is survived by a wife, two sons and one daughter. The funeral was held Tuesday afternoon.

Swartwout—Wolf Nuptials.

St. Gabriel's Chapel, at Coles Creek was the scene of a very pretty wedding last Thursday afternoon, when Miss Anna Berard Swartwout, daughter of Mr. and Mrs. John Swartwout, of Tie, and grand-daughter of the late General Robert Swartwout, of the U. S. A., became the wife of Frank Preston Wolf, of Goble, Gregon. The ceremony was performed at 4 o'clock by Rev. Mr. Harding of Trenton, N. J., who many years ago was the pastor of the St. Gabriel Chapel. The bride and groom were unattended.

After the ceremony was performed the newly married couple departed for their home in Goble, Oregon, from the Coles Creek station where they received a noisy serenade.

The groom was born and reared to manhood at Cambra, and is a son of H. P. Wolf, of that place. He left Cambra for Oregon about fourteen years ago. He is engaged in the fish packing business in that place.

Though it was intended that the marriage should be a quiet affair, the pretty little chapel was well filled with the friends of the bride and groom.

D. L. & W. Improvements.

The D. L. & W. Co. is contemplating extensive improvements to its property in and about Scranton. They include the enlargement of shop facilities, and nearly thirty miles of new railroad to be laid between the Mt. Pleasant and Cayuga breakers and along the Keyser Valley branch. The company will also improve the round house focilities, to accommodate the engines used on the Bloomsburg and Northern divisions. Besides this the straightening of many curves along the main line between Stroudsburg and Hailstead.

Burke Bros., of Scranton, are now at work on the contracts for removing several of the smaller curves. In addition to these improvements the company is making many changes in its mining department. Electricity will be chiefly used in the mines. The work on these improvements will be in full force in the course of a few weeks.

County Superintendent J. K. Miller's Report of the Public Schools.

School affairs are moving along much the same as in recent years. In a majority of our districts a steadily increasing standard is evident while in others little or no advancement has been made either in the selection of well prepared teachers or more comfortable school equipment. Generally speaking, however, we feel that substantial progress is a result of the year's work.

A beautiful four-roomed building with modern furnishings in the town of Millville was erected during the past year, and is now ready for use. In Briar Creek one two-room building and a fine new annex of two rooms were constructed and in use last year. Business enterprise in the town of Berwick has promoted a season of industrial activity which, if continued, will place this town in the rank of cities. In order to meet the growing demand for school advantages a twenty-thousand dollar high school building is in course of erection, and will be ready for use some time after the schools open in September.

In a few districts our energetic and progressive teachers have shown a marked degree of ingenuity by growing vines and shrubbery upon their school grounds in such a way that the effect is both artistic and pleasing. Many of our outbuildings are the relics of bygone days and judging from the lack of care shown them are to be kept for all time as memorials of those good old days we hear about, when "licking and larning" were of a higher standard than the high falutin ideas of the present. Those nude carvings and coarse jokes cut or frescoed upon the school property in this way can not be shielded from the eyes of our pupils. How many chapters of sin in the lives of people we know find their beginnings in sources of this character!

For several years a growing interest in school-room decorations appeals to our sense of pride. Instead of cheap cards advertising the wares of our enterprising patent medicine concerns, pictures representing the best art productions hang upon the walls. Aside from the artistic effect they represent a culture value to be used in connection with class work.

Many of our teachers fail to supply themselves with a sufficient number of periodicals essential in keeping in touch with the doings of the world. Low salaries and the fact that a large number have struggled hard for their Normal School training, going into debt and looking forward to several years to pay the debt, make it difficult for them to keep in touch with up-to-date methods and events. We should like to see each teacher given an appropriation of at least five dollars to be expended for aids of this sort.

With an education comes greater expenses, both literary and personal, and teachers find it difficult to live on what seemed a comfortable compensation. Such conditions breed discontent. As the teacher is, the pupil becomes. Who, therefore, can doubt that much of the unrest shown between capital and labor as well as in all society, finds its very beginnings in the bulwark of our nation—the public schools?

DR. T. C. HARTER, Pres. BLOOMSBURG, PA.

A. N. YOST, Treas. BLOOMSBURG, PA.

THE KEYSTONE COPPER MINING CO.,

Capital Stock, $1,000.00.

Divided into 200,000 Shares of Par Value of $5.00 Each.

FULL PAID AND NON-ASSESSABLE.

Property of Company.

This is very extensive, consisting of four mining properties, each over one mile in length, on a great copper vein over 100 feet in width, pronounced by Copper experts as among the widest and richest copper veins known, lacking only the necessary development to place same in the front rank of the greatest dividend and copper producing properties.

It is on the same great Copper Mineral Belt upon which are located the world's present greatest copper mines, each paying many millions of dollars annually in dividends and developed to the depth of from 1000 to 2000 feet, thus fully establishing the fact that the veins are not alone inexhaustible, but widen and become even more profitable with depth.

The great vein on this property is of such unusual width and so prolific in copper ore from surface that only moderate developments are needed to begin the production of ore on a scale to insure large dividends on the shares of this Company.

The Company is sinking a shaft now nearly 100 feet in depth on the vein of one of its four properties, the "Pay Roll." This shaft is entirely in ore, which, by tests, gave values at the surface of from 3 to 4 per cent copper, and nearly $10 per ton in gold in addition; at the depth of fifty feet tests gave values of from 6 to 8 per cent. copper and from $11 to $12 in gold per ton; at the depth of seventy feet tests gave values of from 12 to 14 per cent. in copper and nearly $15 in gold per ton; while selected samples show values as high as 22 per cent copper and nearly $20 in gold per ton.

The value of the gold per ton will enable the Company to produce copper at very low cost.

As showing that this great vein is not alone of unusual width, but also of rare richness in ore as compared with some of the richest copper mines, we refer to the great "Anaconda Mine," paying over $5,000,000 annually in dividends from ore averaging less than five per cent in copper; or to the "Boston and Montana" paying over $6,000,000 annually from ore averaging less than six per cent. in copper; or to the "Great Verde," paying nearly $5,000,000 annually in dividends from ore averaging less than six per cent. in copper.

The property of the Company is situated in Rio Arriba County, New Mexico, convenient to Railroad Station and in a section heavily timbered and one of the healthiest in the United States.

The Company has no debts or mortgages. Its property is free and clear and its management is under able mining experience.

One-quarter of the entire Capital Stock of the Company being 50,000 Shares of the par value of $250,000 has been placed in the Treasury of this Company as a working capital, of which a limited amount is now offered for sale at

$1.00 PER SHARE

for development purposes and necessary machinery, to more speedily place the Company upon a dividend basis.

After sale of these shares now offered the price will be advanced to $2.00. As there are only 200,000 shares in this Company it will require net earnings of only $200,000 to pay dividends at rate of $1.00 yearly upon each share. This will require only a moderate development.

We call special attention to the fact that one share of this Company, whose entire Caapital Stock consists of only 200,000 shares of the par value of Five Dollars each, secures an interest in its property equal to 5 shares in a Company of One Million Shares of the par value of only One Dollar each, as is the case with nearly all Mining Companies offering shares at a price seemingly lower than the present price of the shares of this Company, but in reality much higher.

DEVELOPMENTS.—The Company has decided for the present to confine developments to the "Pay Roll" property alone, until same has been placed upon a permanent dividend-paying basis, and is at present sinking a shaft upon same which has reached the depth of nearly 100 feet—which is entirely in ore—having been sunk in middle of vein, which, as stated, is at least 100 feet in width. The ore is increasing in value per ton, with depth as seen from the following assays and tests at various depths:

	Gold, oz. per ton.	Silver, oz. per ton.	Copper, per cent.	Value per ton of 2000 Lbs.
Depth, 20 feet,	Trace	Trace	8.02	$25 60
Depth, 40 feet,	.06	Trace	11.64	35.30
Depth, 50 feet,	.08	.036	14.46	44.96
Depth, 70 feet,	.06	10.56	14.57	53.64

While Selected Samples give values of over $100.00 per ton in Copper and Gold.

Those wishing to purchase shares can make remittance, by check or otherwise, to

LETTING.

At a meeting of the Columbia and Luzerne County Commissioners held at Berwick, August 5th, 1901, it was agreed that the Columbia County Commissioners hold a public letting for a watchman or caretaker for the Berwick Joint River bridge, to take effect September 12th, 1901. He is to occupy the house belonging to said bridge, rent free. His duties are to see that the bridge is kept in a clean and neat condition. Keep the floor in repair, such as replacing broken plank, and to see that no fast driving or loafing is done in the bridge.

Bids for same will be received up to September 10th at 2 o'clock, p. m., when bids will be opened and reported at the Commissioners' office, Bloomsburg.

The Commissioners reserve the right to reject any and all bids.

Died.

LARISH—Died in Briarcreek township on August 28, Mrs. Ida Larish aged 37 years and 10 months.

FIRST SHOWING OF

New Fall Suits.
New Fall Dress Skirts.
New Cotton Comfortables.
New Cotton Blankets.

Ladies' Suits.

The newest shapes and styles, made of Cheviot, Venetian and Pebble Cheviot Cloths; some lined with Taffeta Silks, others with Silk Serge, in the different colors now used. Each garment is finished by men tailors and has that style so very hard to give by the inexperienced makers. Prices start at $4.75 and stop at $17.50. Special orders cost more.

Dress Skirts.

Better variety of good Skirts than we have ever shown. We have a few styles of Black Silk Skirts and many kinds of Wool Skirts, both plain and trimmed. Prices start at $1.50 and stop at $12.50.

Comfortables.

Cotton Filled Comfortables, covered with Silkaline and Satteens, in many different patterns and qualities. Every piece new this season and at less price than you expect to find. $1.00 to $3.95.

Cotton Blankets.

These cool evenings remind one of cooler weather that is on the way. Too early for wool blankets, but just right for these cotton blankets.

Silk Capes.

Just a few Capes left from last spring. We prefer losing a little money to putting them aside for next season. $7.50 Capes now $3.75; $5.00 Capes now $2.50; $2.95 Capes now $1.48.

Sale of Bonds.

Sealed proposals will be received by the Finance Committee of the Bloomsburg Literary Institute and State Normal School of the Sixth District of Pennsylvania, at Bloomsburg, Pa., until September 20th, 1901, at twelve o'clock, noon, for the purchase of forty eight thousand dollars ($48,000) of first mortgage bonds, bearing interest from the first day of July, 1901, at four per centum per annum, payable semi-annually, on January and July of each year, free from all taxes, interest and principal payable at the office of the Wyoming Valley Trust Company, of Wilkes-Barre, Pa., trustees. Sixteen bonds, of the denomination of $500 each, forty bonds of the denomination of $1,000 each, payable July 1, 1931, and redeemable on and after July 1, 1911. Said bonds are issued by approval of the Auditor General of the State of Penn'a, by virtue of an Act of Assembly of the Commonwealth of Pennsylvania, approved May 22d, 1901.

Bidders will be required to state, in writing and in figures, the gross amount they will pay for the bonds, in addition to the accrued interest at the date of delivery, and no bids will be accepted for less than par and accrued interest at the date of delivery.

Each proposal must be accompanied by a certified check in the sum of five hundred ($500) dollars, payable to the order of the treasurer of said Bloomsburg Literary Institute and State Normal School, as a guarantee that if the bid is accepted, the bonds will be promptly paid for when delivered.

The said committee reserve the right to reject any or all bids.

Proposals should be addressed to the undersigned, and marked "Bond Proposal."
